Teaching and Learning

Resource Utilization

Leadership Capacity

Sheridan County School District No. 2

Board of Trustees Regular Monthly Meeting July 18, 2017

Ann Perkins, Chairman

Craig Dougherty, Superintendent

MINUTES OF MEETING

I. Call to Order

The regular monthly meeting of the Board of Trustees of Sheridan County School District #2 was called to order at 5:15 p.m., Tuesday, July 18, 2017, in the Board Room at the Central Administration Office. The presiding officer was Marva Craft, Clerk. A quorum was determined to be present with the following attendees:

Trustees:

Marva Craft, Clerk
Wayne Schatz, Treasurer
Craig Achord
Terry Burgess
Shane Rader
Molly Steel
Sue Wilson

Administrators:

Craig Dougherty, Superintendent
Scott Stults, Assistant Superintendent
Mitch Craft, Assistant Superintendent
Traci Turk, Director of Special Programs
Roxie Taft, Business Manager
Julie Carroll, Facilities Director

Absent:

Ann Perkins, Chairman
Tony Wendtland, Vice-Chairman

Absent:

TRUSTEE SCHATZ MADE A MOTION TO GO INTO EXECUTIVE SESSION AT 5:15 P.M. TO CONSIDER THE APPOINTMENT, EMPLOYMENT, RIGHT TO PRACTICE OR DISMISSAL OF A PUBLIC OFFICER, PURSUANT TO W.S. 16-4-405(a)(ii). TRUSTEE WILSON SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

II. Executive Session

A. To Consider the Appointment, Employment, Right to Practice or Dismissal of a Public Officer, W.S. 16-4-405(a)(ii)

The Board went into Executive Session at 5:15 p.m.

TRUSTEE RADER MADE A MOTION TO RETURN TO REGULAR SESSION AT 5:45 P.M. TRUSTEE SCHATZ SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

The meeting reconvened at 6:00 p.m.

III. Open Session

A. Pledge of Allegiance

B. Trustee Opening Appointment (*Action*) - Marva Craft

TRUSTEE WILSON MADE A MOTION TO APPROVE THE APPOINTMENT OF CRAIG ACHORD TO THE SHERIDAN COUNTY SCHOOL DISTRICT #2 BOARD OF TRUSTEES. TRUSTEE STEEL SECONDED THE MOTION AND IT CARRIED WITH A UNANIMOUS VOTE.

IV. Recognition

A. Spring Sports Update - Don Julian

Activities Director Don Julian presented a report on the 2016-2017 sports season. He reported that almost all sports had a GPA of 3.0 or better. He said that there were 26 All State athletes this year and 56 all state musicians. Mr. Julian said that the high school activity participation percentage for boys is 62% and for girls is 75%. Our school participation percentage rate is 68% and Mr. Julian said that that may be the highest of all of the 4A schools. Mr. Julian said that the wrestling team has received three new wrestling mats with money donated from the Young Guns Wrestling Club, Wyoming Rehab, and the Broncs Booster Club.

B. Legilsative Update - Representative Mark Kinner

Representative Mark Kinner thanked the Board for the opportunity to present. He provided the Board of Trustees, administration, and media with copies of his presentation. Extra copies were available for those who wanted them. Representative Kinner shared information regarding the situation with funding in Wyoming. He explained how the funding model worked and the problems that are arising. Representative Kinner ended his presentation by asking everyone to work together to think of possible solutions. He welcomed questions from the Board.

Trustee Craft said that it is important for the Trustees to hear information like this annually. She said that it helps them understand the whole picture and she thanked Representative Kinner for breaking the information down for them.

Trustee Schatz asked what will happen if we keep pushing this budget crisis back each year. He asked if this issue will be addressed at recalibration this year. Representative Kinner said that he is hopeful that it will be addressed.

Trustee Burgess thanked Representative Kinner for his work.

V. Approval of Agenda

TRUSTEE RADER MADE A MOTION TO APPROVE THE AGENDA, AS PRESENTED. TRUSTEE SCHATZ SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

VI. Welcome--Audience Comments

VII. Consent Agenda Items

A. Approval of Board Meeting Minutes - June 19, 2017

B. Approval of Bills for Payment

General Clearing	\$2,966,775.58
Federal Fund	\$143,869.08
TOTAL:	\$3,110,644.66

TRUSTEE BURGESS MADE A MOTION TO APPROVE THE CONSENT AGENDA ITEMS, AS PRESENTED. TRUSTEE STEEL SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

Trustee Schatz said that he appreciates reviewing the bills and seeing that our district supports local vendors.

VIII. Old Business

A. Capital Construction Update (*Information*) - Craig Dougherty

Superintendent Dougherty said that the projects in the planning and design phase include the high school auditorium, repairs to the Early Building pool, replacing the hot water system at the junior high (will be done this August), science wing renovations at the high school, and the high school boiler building upgrades.

Mr. Dougherty said that the district has continued working with the college to prepare for the move of the alternative high school to the college campus. Mr. Dougherty said that Assistant Superintendent Scott Stults and Facilities Director Julie Stine have been greatly involved in that. Mr. Dougherty said that the moving started this week. Mr. Dougherty said that old Highland Park will need to be decommissioned and the district is currently in the process of working with local realtors with respect to a potential listing of the site. He said that we will continue to work with the state facility division and our legislators to seek

construction funds for the John C. Schiffer Collaborative School on the college campus. He said that this depends on the availability of state construction funding. Mr. Dougherty explained that we are working on an exchange of property from the old Woodland Park site (the back half that we still own) with a similar parcel at Sheridan College.

Mr. Dougherty said that Barnum Construction has completed 95% of the project piping at Henry A. Coffeen elementary school. He said that we are waiting for the arrival of the pumps and the site will be sodded once the project piping is completed. He added that the bus loop and playground will remain closed until the end of July, which is when the project is anticipated to be complete.

Mr. Dougherty said that final warranty items and punch lists in the high school locker rooms will be finishing toward the end of July. Mr. Dougherty said that the fire suppression upgrades will be occurring all summer and will affect all areas of the high school and will limit unscheduled use throughout the summer.

Mr. Dougherty said that Mrs. Stine continues to working with the City and Natural Resource Conservation Services (NRCS) on securing emergency funding to address the failure areas on the hill east of the junior high. The engineer who designed the stabilizing wall has evaluated the integrity of the wall and currently assessed that it has not failed, nor is it showing signs of failure. He told the Trustees that we will continue to monitor the situation and provide them with updates as more information is available.

IX. Recess for Public Hearing on Fiscal Year 2017-2018 Budget

TRUSTEE STEEL MADE A MOTION TO RECESS INTO A PUBLIC HEARING FOR PRESENTATION OF THE FISCAL YEAR 2017-2018 BUDGET AT 6:46 P.M. TRUSTEE SCHATZ SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

TRUSTEE STEEL MADE A MOTION TO RETURN TO REGULAR SESSION AT 6:59 PM. TRUSTEE BURGESS SECONDED THE MOTION AND IT CARRIED WITH A UNANIMOUS VOTE.

A. Approval of Fiscal Year 2017-2018 Budget (*Action*) - Roxie Taft

Business Manager Roxie Taft presented the FY 2017-2018 budget. She asked if there were any questions and discussed those further with the Board of Trustees. Mrs. Taft offered the following amounts for the 2017-2018 fiscal year:

General Fund	\$	49,961,150
Special Revenue Fund	\$	5,300,000
Major Maintenance Fund	\$	3,500,000

Early Retirement Fund	\$	290,000
Capital Fund	\$	5,000,000
Food Service Fund	\$	1,675,000
Memorial Fund	\$	140,000
Activity Fund	\$	876,000
Total Budget Adoption	\$	66,742,150

TRUSTEE BURGESS MADE A MOTION TO ACCEPT THE BUDGET AND MILL LEVIES FOR FISCAL YEAR 2017-2018, AS PRESENTED. TRUSTEE SCHATZ SECONDED THE MOTION AND IT CARRIED WITH A UNANIMOUS VOTE.

X. New Business

A. Approval of Wyoming High School Activities Association Activity Enrollment and Catastrophic/Liability Insurance (*Action*) - Scott Stults

Assistant Superintendent Scott Stults asked that the Board of Trustees take action to approve the Wyoming High School Activities Association enrollment and the catastrophic/liability insurance for the 2017-2018 school year. Mr. Stults said that the catastrophic/liability insurance begins the first day of practice (starting in August) and ends with the last state tournament contest in May.

TRUSTEE BURGESS MADE A MOTION TO APPROVE THE WYOMING HIGH SCHOOL ACTIVITIES ASSOCIATION ACTIVITY ENROLLMENT AND CATASTROPHIC/LIABILITY INSURANCE, AS PRESENTED. TRUSTEE SCHATZ SECONDED THE MOTION AND IT CARRIED WITH A UNANIMOUS VOTE.

B. Replacement to the Sheridan Recreation District Board (*Action*) - Scott Stults

Assistant Superintendent Scott Stults said that because Kim Anderson has retired, we need to replace his position on the Sheridan Recreation District Board. He asked the Board of Trustees to approve Jesse Swanke, the new SJHS assistant principal/activities director as Kim Anderson's replacement. Mr. Stults said that having a representative from the junior high on this board is imperative to all of the activities that they hold at the junior high facility.

TRUSTEE WILSON MADE A MOTION TO APPROVE JESSE SWANKE AS THE REPLACEMENT OF KIM ANDERSON ON THE SHERIDAN RECREATION DISTRICT BOARD. TRUSTEE STEEL SECONDED THE MOTION AND IT CARRIED WITH A UNANIMOUS VOTE.

C. Bid Award Recommendation for the Sheridan Junior High School Hot Water Plant Replacement (*Action*) - Julie Stine

Facilities Director Julie Stine explained that the district has pre-ordered hot water heaters for the Sheridan Junior High School (SJHS) hot water plant replacement to ensure that they would arrive in time to complete the hot water plant replacement. Mrs. Stine said that we received bids for this project last week. She explained the schedule for replacement and asked for approval to award the replacement bid to Zowada Plumbing and Heating in the amount of \$31,638. She said that as soon as the bid is awarded, the project can begin.

Trustee Wilson asked if the teachers and staff at the junior high will be notified so they don't expect hot water during their in-service days. Mrs. Stine said that the principal will notify the staff.

TRUSTEE RADER MADE A MOTION TO AWARD THE JUNIOR HIGH WATER PLANT REPLACEMENT BID TO ZOWADA PLUMBING AND HEATING, AS PRESENTED. TRUSTEE STEEL SECONDED THE MOTION, AND IT PASSED WITH A UNANIMOUS VOTE.

D. Request to Advertise Equipment Bids (*Action*) - Julie Stine

Facilities Director Julie Carroll explained that the maintenance department is in need of replacement vehicles. She asked approval to advertise bids on a utility and plow truck.

TRUSTEE BURGESS MADE A MOTION TO APPROVE THE REQUEST TO ADVERTISE BIDS FOR MAINTENANCE VEHICLES, AS PRESENTED. TRUSTEE RADER SECONDED THE MOTION, AND IT PASSED WITH A UNANIMOUS VOTE.

E. Request to Approve Lease Agreement for John C. Schiffer Collaborative School at Sheridan College (*Action*) - Craig Dougherty

Superintendent Craig Dougherty presented the lease agreement with Sheridan College. He said that the agreement has been completely vetted by Sheridan College, their Board or Trustees, and our district attorney. He asked for approval of the agreement.

TRUSTEE WILSON MADE A MOTION TO APPROVE THE LEASE AGREEMENT WITH SHERIDAN COLLEGE FOR THE JOHN C. SCHIFFER COLLABORATIVE SCHOOL, AS PRESENTED. TRUSTEE STEEL SECONDED THE MOTION, AND IT PASSED WITH A UNANIMOUS VOTE.

XI. Reports and Communications

A. Board of Trustees

1. Committee Opening Appointments (*Information*) - Marva Craft

Trustee Craft explained that due to the resignation of Mike Sweeney there is an opening on the Capital Construction and Board Policy Committees. Trustee Craft asked that anyone interested in serving on these committees to contact Craig Dougherty.

2. Board Reports

Trustee Steel said that the Recreation District Board meets Wednesday, July 19th. She reported that since September 2016 approximately 30,000 people have used the district facilities through the Recreation Department. Trustee Steel also reported that the Wyoming School Boards Association (WSBA) held a meeting last week. She said that WSBA will be holding their fall round-up meeting on Wednesday, August 23 in Gillette, WY from 6:00 pm to 8:00 pm. She said that dinner will be included and recalibration information will be presented.

3. Committee Reports

There were no other committee reports.

4. Other

There were no other board reports.

B. PTO/Parents/Students/Organizations

There were no PTO/Parents/Students/Organizations reports.

C. Site/Administration/Staff

There were no Site/Administration/Staff reports.

XII. District Administration Reports

A. Superintendent

Superintendent Dougherty thanked Business Manager Roxie Taft and her staff for their tremendous work with the budget. He reported on the student focus learning this summer including the STEM camp held at the junior high and the Success Academy that took place at the high school. Mr. Dougherty said that there will be a PLC Institute held at Sheridan College for administrators on August 2 and 3. He said that Thomas Many will be presenting and there are approximately 135 people attending. Mr. Dougherty said that the 2017 PAWS results have gone public, but Assistant Superintendent Mitch Craft will be giving a full report on the results in August. Mr. Dougherty reported that the district will be replacing PAWS with a new assessment called WY-TOP which is being developed by American Institute for Research (AIR). The details regarding the new assessment have not been released yet, but when they are, Mr. Craft will report on this.

TRUSTEE WILSON MADE A MOTION TO GO INTO EXECUTIVE

SESSION AT 7:20 P.M. TO CONSIDER PERSONNEL MATTERS PERTAINING TO THE APPOINTMENT AND/OR EMPLOYMENT OF SCHOOL DISTRICT EMPLOYEES, PURSUANT TO W.S. 16-4-405(a)(ii) AND TO CONSIDER OR RECEIVE ANY INFORMATION CLASSIFIED AS CONFIDENTIAL BY LAW, PURSUANT TO W.S. 16-4-405(a)(ix). TRUSTEE SCHATZ SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

XIII. Executive Session:

The Board went into Executive Session at 7:25 p.m. to address personnel and legal matters.

TRUSTEE RADER MADE A MOTION TO RETURN TO REGULAR SESSION AT 7:44 P.M. TRUSTEE BURGESS SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

The meeting reconvened at 7:44 p.m.

TRUSTEE STEEL MADE A MOTION TO APPROVE THE REVISED PERSONNEL ACTION REPORT, AS PRESENTED. TRUSTEE WILSON SECONDED THE MOTION, AND IT CARRIED WITH A MAJORITY VOTE. TRUSTEE ACHORD ABSTAINED.

XIV. Adjournment:

TRUSTEE SCHATZ MADE A MOTION TO ADJOURN THE MEETING AT 7:45 P.M. TRUSTEE BURGESS SECONDED THE MOTION, AND IT CARRIED WITH A UNANIMOUS VOTE.

The meeting adjourned at 7:45 p.m.

SUBJ: **Capital Construction Update** *(Information)*

District Projects and Future Planning

The Capital Construction Committee met and discussed the current projects in planning, design, and/or in-progress phase. They include:

- SJHS
 - Boiler/Hot Water System
 - Early Building & Pool/Mechanical Systems
- SHS
 - Fire Suppression System
 - Landscaping
 - Heating System/Storage
 - Auditorium
 - Track & Tennis Courts
 - Science Classrooms
- District Security Systems Upgrades
- Facility Use Agreement and Fee Structure
- The capital construction committee also reviewed the real estate proposals for the sale of the old Highland Park Property on Avon St. The Board committee selected ERA Carroll Realty to list the property. The Board will take action on the sale before it is final.

Collaborative School

We have mostly completed the move to the college and are finalizing set-up of the spaces. We will continue to work with the state facility division and our legislators to seek design and construction funds for the John C. Schiffer Collaborative School on the college campus. This is dependent on the availability of state construction funding. We are currently working on an exchange of property from the old Woodland Park Site (the back half we still own) for a similar parcel at Sheridan College.

A tour of the John C. Schiffer Collaborative School will be scheduled prior to the board meeting on September 11. Details will be provided at a later date.

Henry A. Coffeen Drainage

The project is ready to be sodded and will be finished up over the next week.

Sheridan Junior High School Hill Stability

We continue working with the City and Natural Resource Conservation Services (NRCS) on securing emergency funding to address the failure areas on the hill east of SJHS. The engineer who designed the stabilizing wall has evaluated the integrity of the wall and currently assessed that it has not failed, nor is it showing signs of failure. We will provide Trustees with updates as more information becomes available.

Sheridan Junior High School Domestic Hot Water System

Zowada Plumbing and Heating is moving forward in the preparation of removing the current boiler system in order to install the new high efficiency water heaters. The system will be taken down from August 18th to August 28th. There will be no hot water during this time in the SJHS main building.

At your August meeting, Brent Leibach will report Success Academy data from the 2016-2017 school year.

Success Academy Report

SHERIDAN HIGH SCHOOL SUCCESS ACADEMY

2016–2017 Data Report

SUCCESS ACADEMY

Extensive research proves that high school students who fail classes and lose credits are at significant risk of dropping out. The Next Level Success Academy is a program unique to SHS, centering on an immediate response to recovering credit after a student fails a class. Once a student fails a course, he/she is placed in the Success Academy the following semester or summer. Because Success Academy is competency-based, students are not required to retake an entire course as they would in traditional credit recovery programs. Instead, they focus on only those concepts they need to master in order to pass that specific course.

SCHOOL YEAR PROGRAM

	Semester 1	Semester 2
Total students	8	24
Credits earned	5	19
Did not complete	0	3
Moved/transferred	1	0
Dropped out	1	0

SUMMER PROGRAM

COURSE NAME	COURSE PARTICIPANTS	NON-COMPLETED COURSES	CREDITS RECOVERED	MATH COURSE ADVANCEMENT

Non-Completers	1	5
Summer Program		
Participants	41	47
Courses Recovered	37	29
Math Course Advancement	9	14
Non-Completers	1	4

SUCCESS ACADEMY

In its second year, the SHS Success Academy has provided our students with additional opportunities to recover credit in the four core areas of English, Math, Science, and Social Studies during the school year as well as during a summer session. The ultimate goal for Success Academy is to eliminate the need for traditional credit recovery as a result of the much quicker, competency-based response to course failure.

SUBJ: **Statewide Assessment Results** *(Information)*

At your August board meeting, I will present a report on the 2017 PAWS results. In aggregate, these results demonstrate that Sheridan County School District No. 2 is once again the top performing school district in Wyoming. Like last year, these scores will be used to measure accountability through the Wyoming Accountability in Education Act. ACT results go public on August 16, so I will report on them at you September meeting.

Statewide Assessment Report

Statewide Assessment Results

August 14, 2017

Data Overview

We are excited to present 2016 statewide assessment data for Sheridan County School District No. 2. Similar to past years, our district has risen to the top of the state in student learning results. These results are truly a celebration of world-class teaching, wonderful students, and supportive parents and community. We of course thank you, our Trustees, for your ongoing support of and insistence upon excellence in all aspects of education.

In this report, you will see our PAWS scores presented district-wide instead of school-by-school. We hold firmly to the Professional Learning Communities philosophy that *ALL students are OUR students*. Therefore, central administration presents Trustees and the community with district-wide scores to purposefully foster collaboration across our schools. We know without a doubt that district-wide, interschool collaboration results in higher levels of learning for all of our students, no matter their attendance area or school choice. In October and November, building principals will present Trustees with site-specific data, school improvement plans, and areas of focus for the 2017-18 academic year.

Finally, data presented in this report includes all students.

PAWS

PAWS Commentary

The Proficiency Assessment for Wyoming Students (PAWS) measures the progress of students in third through eighth grades in Mathematics and Reading. Fourth and eighth graders also take the PAWS Science assessment.

The 2017 test administration was the swan song for PAWS. In 2018, we will move to a new state assessment system, Wy-TOPP. We will share more information on this framework in the coming months.

PAWS Golf Scores

The golf score analysis allows us to compare our aggregate or overall performance on PAWS to all 48 Wyoming districts. A golf score is calculated by determining each district's ordinal place or rank in the state for every subtest at every grade level, including:

- 3rd grade Math & Reading
- 4th grade Math, Reading, & Science
- 5th grade Math & Reading
- 6th grade Math & Reading
- 7th grade Math & Reading
- 8th grade Math, Reading, & Science

We then sum these 14 ordinals to determine each district's golf score. The lower the score, of course, the better.

SCSD2 Golf Scorecard - 2017 PAWS

To close the FY 2016-2017 budget, the following amendment is needed.

CODE	ITEM	16-17 BUDGET	16-17 REVISED BUDGET	CHANGE
81000	Local Sources	9,251,500	9,681,000	429,500
82000	County Sources	2,560,000	2,631,600	71,600
83000	State Sources	36,824,500	36,941,000	116,500
85000	Other Sources	5,000	12,050	7,050
TOTAL REVENUES		48,641,000	49,265,650	624,650

Note: This budget amendment will adjust our revenue budget to reflect actual receipts. This overcollection will result in a decrease in funding in the 2017-2018 fiscal year as these dollars will be counted as a "local resource". It is imperative that we save these funds to offset future reductions in funding.

CODE	ITEM	16-17 BUDGET	16-17 REVISED BUDGET	CHANGE
1000	Instruction	31,464,029	31,100,000	(364,029)
2000	Instructional Support	4,895,825	4,698,352	(197,473)
3000	General Support	12,448,383	12,825,919	377,536
6200	Transfers	660,000	1,886,967	1,226,967
TOTAL EXPENDITURES		49,468,237	50,511,238	1,043,001

Note: This budget amendment will adjust our expenditure budget to reflect actual expenses, allowing for audit accrual adjustments. The increased budget amount reflects transferring the additional revenue we received plus the 5% budgeted expenditure savings we realized this year into our depreciation reserve account to apply against future legislative reductions.

I request that the board to approve the amended FY 2016-2017 General fund budget as presented.

Excellence and Accountability

FROM: Andrew Conrad, Transportation Director

SUBJ: **Approval of Routes and Non-Public Road Travel** (*Action*)

The Wyoming Department of Education (WDE) requires that all routes be approved by local school boards on a yearly basis. The main concern for the WDE is that the routes comply with the state mandated walking distances and for travel on roads other than those maintained by city, county, state, and federal governments. An electronic copy of the routes are attached here. Bus routes are also available to the public on the district website.

When the routes are planned or revised, the following state-mandated walking distances are considered:

Elementary school walking distance equals 1.0 mile radius or less around school
Junior High school walking distance equals 1.5 mile radius or less around school
High school walking distance equals 2.0 mile radius or less around school

There are circumstances that are considered when the routes are planned and these will include factors like physical barriers (rivers, busy streets, dead end streets, etc.), where registered sex offenders live, and for any other reason that student safety might be compromised. In these cases, the rule for the walking distance radius may not apply. We also pick up students within the walking distance radius, as defined above, if the path of the bus going to or from a school goes right past a bus stop located within the walking distance. Bus routes are in a constant state of flux due to changes in where our student population resides. Copies of most bus routes are available online, upon request, and in the Sheridan Press "Back to School Issue."

Our routes are planned to best serve our student population in as safe a manner as possible. To accomplish this task, there are times when our buses must travel on non-public roads and the following table contains a list of all the roads that are currently traveled by our route buses, public and private.

I ask that the Board approve our bus routes, as well as travel on private roadways.

Bus Route (s)	Town (area)	Road name	Type of road
Multiple routes	Sheridan (west)	YMCA parking lots	Private
13,14, K	Sheridan (south)	Woodland Park Village	Private
13,14, K	Sheridan (south)	Cox Valley	Subdivision
13,14, K	Sheridan (south)	East Lane	Subdivision
13,14, K	Sheridan (south)	Coyote Lane	Subdivision
2, K	Sheridan	Driveway at 1505 Leopard St	Private
K	Sheridan	First Light Daycare driveway	Private
28	Sheridan	Avoca Place	Private
22, K	Sheridan (south)	Stone Mill Construction parking lot	Private
22, K	Sheridan (south)	Old Prime Rate Motors parking lot	Private
21	Sheridan (south)	Healthy Sprouts DC Rd.	Private
Field Trips	Sheridan (east)	Driveway at 501 US Hwy 14 (CHAPS)	Private
15, 39, K	Story	Wheatley Drive	Subdivision
15, 39, K	Story	Oxbow Drive	Subdivision

Note: K is used generically to designate kindergarten routes.

SUBJ: **2018-19 Bus Replacement Authorization** (*Action*)

Background

In 2002, the Wyoming Department of Education established the *State Bid/District Buy Program* for the purchase of new school buses. The state requested bids, based on the need for new buses in each district across the state, from various bus dealers. The state then provided each district with prices for the requested bus types from each vendor, along with a median cost. Each district would usually choose buses from this list, which were below or equal to the median price figure the state has provided. If the district wished to add non-state supported options to the baseline specification or exceed the median price provided by the state, the district would do so at their own expense. Selection of bus vendors was the next step in the acquisition process, at which time each district would arrange payment method.

This process will change due to new Legislation passed in 2017. We will not know full details of the new process until after the Legislators meet in February of 2018.

It is my intention at this time to make the Board aware of the vehicles we would be replacing if things were as they have been for the past 15 years. In the 2017-2018 fiscal year, we have two (2) buses that will meet the age threshold for replacement and one (1) bus that will meet the mileage threshold which we would like to replace. These three buses are listed below:

Identification of Bus to Replace				<i>Total miles</i>
<u>Bus</u>	<u>Year Model</u>	<u>Manufacturer</u>	<u>Vehicle VIN</u>	<u>(as of August 2016)</u>
11	2006	International	4DRBUAAN46B215242	121,370
27	2006	International	4DRBUAAN86B215244	164,889
23	2009	International	4DRBUAAN19B100456	174,384

At this time, I request Board approval of the replacement of buses 11, 27, and 23 once the replacement request has been approved by the WDE.

Excellence and Accountability

SUBJ: Professional Development Calendar *(Information)*

The calendar link, <https://sites.google.com/a/scsd2.com/intranet/home>, shows our professional development days and teacher work days for the month of August.

New teacher orientation is scheduled for Friday, August 18, and Monday, August 21. Returning faculty will report back on Tuesday, August 22. The first day of school is Tuesday, August 29.

The Back-to-School Picnic is scheduled for August 22, beginning at 5:00 pm at Sheridan Junior High School. We hope you will be able to attend.

Staff development highlights for this August include:

- PLC Institute with Dr. Thomas Many
- Balanced Literacy training for new elementary teachers and veterans seeking a refresher
- Assessment Trainings at all secondary schools
- Reading Recovery training for teachers new to the program
- Elementary math resource training
- Professional Learning Communities trainings and refreshers at all sites
- Behavior Training for Special Education staff
- Crisis Prevention Intervention
- ALICE (Alert, Lockdown, Inform, Counter, Evacuate) Training for all school staff

We are looking forward to another excellent school year!

DATE: August 7, 2017

TO: Board of Trustees

FROM: Scott Stults, Assistant Superintendent

SUBJ: **Summer School Update** (*Information*)

Elementary

Each of our five elementary schools personalized their own summer school program by using their site teachers to work with their specific students July 24th - August 11th (SB and WP) or July 31st - August 11th (HAC, HP, and MDLK). The focus continues to be remediation in small groups for those students kindergarten through fifth grade in all core areas. Collectively there are 272 students being provided this opportunity.

Junior High

Running Start is serving 66 incoming sixth through eighth grade students over a three week period from July 24th - August 11th. Running Start is a preventive and proactive program focused on incoming students instead of outgoing students. Running Start teachers focus on building foundational skills essential for success at the upcoming grade level and also take an interdisciplinary approach to teaching and learning. Teacher teams include Language Arts, Math, Science, Social Studies, and Physical Education specialists. These teachers work together to design a combination of content-specific and interdisciplinary activities that build foundational skills and enrich student learning.

At the junior high, students run through a shortened schedule of core classes (LA, math, science, social studies), including PE. Then in the afternoon, students are placed in I/E groups based on formative assessment data from the morning.

High School

Summer Success Academy was designed for the student to recover the actual credit for the course that they did not reach proficiency in during the regular school year. The low teacher to student ratio allowed for our students to receive quality direct instruction that utilized best practices differentiated according to the learning style of the student, as well individual assistance from highly qualified teachers. The standard based courses offered to students were English 9, 10, and 11; Biology, Algebra I, Geometry, and Algebra II, and Adventures in History (elective social science credit). This program ran during the month of June, with 39 students enrolled. There were 35 students that recovered credit in 47 courses. These 35 students recovered courses that were necessary to keep them on track for graduation with their cohort group as well as moving them on to their next grade level course. There were 14 students who demonstrated proficiency in a math course, allowing movement to their next level math course.

Also, SHS is providing Step Ahead from August 7-18. Step Ahead is an opportunity for incoming freshman to earn 0.5 general elective credit; 16 students are enrolled to attend this summer session.

SUBJ: **2016-2017 Wellness Report** *(Information)*

The District's Wellness Program participation remained steady in 2016-2017. Of 620 eligible employees, 47% (291 individuals) took advantage of the on-site Workforce Wellness Screenings by participating in one or more parts of the wellness incentive program. In 2015-2016, the participation rate was 52% (320 individuals participated out of 620 eligible). This year there were 164 employees who earned half-days of wellness leave by completing the blood screening, health risk assessment, physical health assessment, and self-reported wellness action items checklist. Last year, 211 staff earned the half day of leave. Below is a breakdown of the number of staff completing the blood screening, health risk assessment, physical health assessment, and self-reported wellness action items checklist:

- Blood Screening = 291
- Health Risk Assessment = 195
- Physical Health Assessment = 205
- Wellness Action Items Checklist = 164

There were 205 staff who completed the physical health assessment who received a wellness t-shirt (bronze award), 49 staff who earned a score of good or better in all five areas (push-ups, curl-ups, a one mile timed walk, body fat, and flexibility) received \$25 in chamber bucks (silver award), and 19 staff who achieved a score of excellent in all five areas received \$50 in chamber bucks (gold award). Also in 2016-2017 on-site flu shots were available to staff and the District held the Maintain, Don't Gain team weight challenge over the Thanksgiving/Christmas Breaks and a Resolve to Move Challenge in January.

In 2017-2018, the District plans to continue with on-site flu vaccinations, Workforce Wellness Screenings, the Maintain, Don't Gain Challenge and the Resolve to Move Challenge. Please contact Jacee VanDyke should you have any questions about the District Wellness Program or about the aggregate data from the online health risk assessment.

Introduction

The effectiveness of any organization is dependent upon the health and productivity of its employees. Taking steps to protect and improve their health is good business and pays real dividends in:

- Lower healthcare costs
- Less sickness and work-loss time
- Improved productivity
- Improved morale

Participation Rates

A critical factor in the success of any wellness program is to achieve a high participation rate. Organizations desiring to significantly lower their healthcare costs should aim for participation rates of 85% or higher.¹ Your participation results are listed below:

Number of eligible employees	Number who participated	Percent participation	Recommended Goal ¹
620	195 (213)	31% (39%)	85% +

Overall Wellness Rating and Scores

Research has identified specific health risks linked to chronic disease, high healthcare costs, decreased productivity, and decreased life span. The presence or absence of these health risks determines an overall wellness score (0-100). The higher the score, the higher the wellness rating and health of your employees. High wellness scores are also linked to lower healthcare costs. Here is how your organization scored:

The average wellness score for your organization is **78** out of a possible 100 points. Your organization's rating is **"Doing Well."**

Health Age

Each person's "health age" was determined by their health practices. People who live healthfully may be physically or biologically younger than their actual age. People with poor health practices may be older than their chronological age. Here are the results in your organization:

- 76.4% had a "health age" younger than their actual age. (74.9%)
- 23.6% of employees had a "health age" greater than or equal to their actual age. (25.1%)
- The average person could add **5.5** years to their life by adopting a healthier lifestyle as recommended in their personal report. (5.6)

Priority Health Recommendations

When planning your worksite wellness program, consider these important factors:

- Which health risks are most prevalent?
- What do employees want to change?
- How ready are they to make changes?
- Which health problems are the most costly?
- What can make the greatest health impact?

Most of these questions can be answered by reviewing this Executive Summary. From the list below, check the priorities you want to address first in your organization.

Top Six Priorities Based on Prevalence of Risks

- 1 [] **Fitness Promotion** (2) **Physical activity** helps prevent obesity, high blood pressure, diabetes, heart disease, and depression. In your organization, **125 people (64.1%)** get less than 5 days/week of physical activity which is recommended for good health, and **8 people (4.1%)** get no regular exercise. Physical activity interventions are among the most effective worksite wellness programs for improving health.
- 2 [] **Blood Pressure Reduction** (1) **High blood pressure** is a common health problem and a marker for high healthcare costs. Untreated it increases a person's risk for heart disease, stroke, dementia, kidney failure, and eye disease. In your organization, **109 people (55.9%)** have prehypertension (120/80 - 139/89), and **3 (1.5%)** already have high blood pressure (140/90+).
- 3 [] **Good Nutrition** (3) **Good nutrition** lays the foundation for good health. Choosing primarily unrefined, plant-based, low-calorie, low saturated-fat foods can greatly decrease risk of heart disease, diabetes, and many cancers. In your organization, **104 people (53.3%)** are at increased risk with 6+ nutritional risk factors; **45 (23.1%)** are at high risk with 10+ nutritional risk factors.
- 4 [] **Osteoporosis** (4) **Osteoporosis** affects 44 million Americans and is a major cause of fractures and high healthcare costs. Healthy eating, regular physical activity, and not smoking can largely prevent this problem, especially if started early in life. In your organization, **103 people (52.8%)** have 2+ risk factors, and **0 (0%)** have 4 or more risks for osteoporosis.
- 5 [] **Weight Management** (5) **Excess weight** is one of our nation's most common health problems. In your organization, **63 people (32.3%)** are overweight (BMI 25 - 29.9), and another **34 (17.4%)** are obese (BMI 30+) or at high risk. Weight management helps prevent more serious health problems in the future, curtails high healthcare costs, and improves productivity in the workforce.
- 6 [] **Sleep** (6) **A lack of adequate sleep** (7-8 hours per night) increases a person's risk for weight gain, high blood pressure, stress and depression, and early death. It also decreases productivity. In your organization, **76 people (39%)** get inadequate sleep. Encourage your employees to get 7-8 hours of sleep on a regular basis.

159 (65.4%)
9 (3.7%)

118 (48.6%)

44 (18.1%)

146 (60.1%)
0 (0%)

85 (35%)
45 (18.5%)

99 (40.7%)

Coronary Risk

Keeping the heart in good condition is a critical goal for any worksite wellness program. The key to heart health is to actively eliminate any known risk factors. If a person waits for symptoms to occur before taking action, the first symptom may be a fatal heart attack. Large population studies show that 70-80% of heart disease is linked to modifiable risks.²

Coronary risks found in your organization are listed below. Note the coronary risks you want to target in your worksite wellness program.

Modifiable Risks

Coronary Risk Factors	Your Results Number	(%)	National Norms ³	2015-16
Existing heart disease	0	0%	11%	0%
Elevated cholesterol (LDL 130 - 159.9mg/dL)	28	14.4%	24%	15.6%
High cholesterol* (LDL 160+ mg/dL)	5	2.6%	10%	4.1%
Low HDL cholesterol* (HDL < 39.9 mg/dL)	1	0.5%	22%	5.8%
Elevated blood pressure (120-139/80-89)	109	55.9%	29%	48.6%
High blood pressure* (140/90+)	3	1.5%	31%	18.1%
▶ Prediabetes* (glucose 100-125.9 mg/dL Fasting, 140-199.9-mg/dL Non-Fasting)	31	15.9%	25%	14.8%
Diabetes* (glucose 126+ mg/dL Fasting, 200+ mg/dL Non-Fasting)	7	3.6%	11%	1.6%
Current smoker*	1	0.5%	19%	0%
Overweight (BMI 25-29.9)	63	32.3%	33%	35%
▶ Obese* (BMI 30+)	34	17.4%	36%	18.5%
Elevated triglycerides (150-199.9mg/dL)	14	7.2%	15%	9.1%
High triglycerides (200+ mg/dL)	5	2.6%	16%	6.6%
Stress levels continually high	12	6.2%	10%	7.4%
Low physical activity (1-4 days/wk)	117	60%	61%	61.7%
▶ No regular physical activity*	8	4.1%	11%	3.7%
Metabolic syndrome* (3+ Indicators)	5	2.6%	23%	4.9%
Low fruit/vegetable intake (<5 cups/day)	128	65.6%	73%	63.4%
Low whole-grain intake (<3 serv/day)	118	60.5%	62%	55.1%
High saturated fat intake	64	32.8%	29%	33.3%
High cholesterol (TC 240+ mg/dL)	12	6.2%	27%	5.8%

* Major Risks ▶ Top major coronary risks in your organization

Overall Coronary Risk

(Includes non-modifiable risks of age, gender and health history)

Cancer Risk

Cancer is the second leading cause of death overall and the leading cause of death for persons of working age. The good news is that at least two-thirds of all cancer deaths can be prevented according to a report by the American Cancer Society.⁴

There are two key strategies to reduce cancer: (1) eliminate any known cancer risks, and (2) get the proper cancer checkups as recommended for a person's age and gender.⁵

Modifiable cancer risks found in your organization are listed below. Note the cancer risks you want to target in your worksite wellness program.

Modifiable Risks

Cancer Risk Factors	Your Results Number	(%)	National Norms ³	2015-16
A personal history of cancer	7	3.6%	6%	2.1%
Current smoker*	1	0.5%	19%	0%
▶ Excessive weight* (BMI 30+)	34	17.4%	36%	18.5%
Low fruit/vegetable intake (<5 C/day)	128	65.6%	73%	63.4%
High red meat/saturated fat intake	75	38.5%	37%	38.3%
▶ Diabetes* (glucose 126+ mg/dL fasting, 200+ mg/dL non-fasting)	7	3.6%	11%	1.6%
Low whole-grain intake (< 3 serv/day)	118	60.5%	62%	55.1%
▶ No* or low physical activity (<5 days/wk)	125	64.1%	72%	65.4%
High alcohol intake (women 8+ drinks/week, men 15+ drinks/week)	1	0.5%	10%	1.6%
Excess sun exposure	8	4.1%	8%	3.7%

* Major Risks ▶ Top major cancer risks in your organization

Cancer Screening

A proven way to lower a person's risk of death from cancer is to get the cancer checkups recommended for the person's age and gender. Compliance rates for people in your organization are shown below:

Mammograms - 84.2% of women are current on exams; 14.5% are not.

PAP tests - 88.2% of women are current on exams; 6.5% are not.

Prostate check - 80% of men are current on exam; 20% are not.

Colon screening - 70.2% of men and women are current on exam; 27.7% are not.

Overall Cancer Risk

(includes non-modifiable risks of age, gender and health history)

Diabetes Risk

About 24 million Americans (10.7% of adults) currently have diabetes.⁶ One third of these don't even know they are diabetic. Another 57 million Americans have prediabetes. Diabetes is increasing rapidly and is now the 6th leading cause of death in America. It is projected that 1 out of 3 persons born today will develop diabetes in their lifetime.

The good news is that type 2 diabetes is largely preventable.⁷ The NIH Diabetes Prevention Trial⁸ showed a 58% decrease in risk of developing diabetes in people with prediabetes as they improved their diet and activity levels. Modifiable risks for diabetes in your organization are listed below.

Modifiable Risks

Diabetes Risk Factors	Your Results Number	(%)	National Norms ³
Diabetes* (glucose 126+ mg/dL fasting, 200+ mg/dL non-fasting)	7	3.6%	11%
Prediabetes* (glucose 100-125.9 mg/dL fasting, 140-199.9 mg/dL non-fasting)	31	15.9%	25%
Current smoker*	1	0.5%	19%
Overweight (BMI 25-29.9)	63	32.3%	33%
▶ Obese* (BMI 30+)	34	17.4%	36%
▶ Nutrition factors linked to diabetes*	107	54.9%	58%
▶ Low physical activity* (<3 days/week)	36	18.5%	37%
High triglycerides (200+ mg/dL)	5	2.6%	16%
Low HDL cholesterol* (HDL <39.9 mg/dL)	1	0.5%	22%
High blood pressure* (140/90+)	3	1.5%	31%
A1C high in nondiabetes (5.7%+)	0	0%	2%

Diabetes Screening

Anyone 45 years or older should be tested for diabetes. Persons younger than 45 who are obese (BMI 30+) and have one or more other risk factors should also be tested using a blood glucose test.⁹

Number of people in your organization who need screening:	171	87.7%
Number of people in your organization getting screened:	160	82.1%

Overall Diabetes Risk

(Includes non-modifiable risks of age, gender and health history)

Osteoporosis Risk

Keeping bones strong and healthy is essential for preventing fractures and the costly medical care following a spine or hip fracture. Osteoporosis, or porous bone, leads to bone fragility and fractures. The National Osteoporosis Foundation (NOF) estimates that 44 million Americans (55% of persons 50 or older) have weakened bones (low bone mass).

By living an active lifestyle, eating nutritiously, and eliminating known risks, osteoporosis is a largely preventable disease, especially when a bone-healthy lifestyle is practiced over a lifetime. Modifiable risks for your organization are listed below.

Modifiable Risks

Osteoporosis Risk Factors	Your Results Number	(%)	National Norms ³
▶ No regular physical activity*	8	4.1%	11%
▶ Low physical activity* (1-2 days/week)	28	14.4%	26%
Current smoker*	1	0.5%	19%
Underweight (BMI < 18.5)	3	1.5%	1%
▶ Low dairy (<2 serv/day) and no calcium supplement*	49	25.1%	31%
Low fruit/vegetable intake (<5 C/day)	128	65.6%	73%
High alcohol intake (women 8+ drinks/week, men 15+ drinks/week)	1	0.5%	10%
Elevated blood pressure (120-139/80-89)	109	55.9%	29%
High blood pressure (140/90+)	3	1.5%	31%

* Major Risks ▶ Top major osteoporosis risks in your organization

Recommendations

Key recommendations of the National Osteoporosis Foundation:¹⁰

- Get recommended levels of calcium and vitamin D daily.
- Engage in daily weight-bearing exercise.
- Avoid smoking and excess alcohol intake.
- Encourage people to talk with their doctor about bone health, and get a bone density test (recommended for all women over age 65 and any person at high risk).

Overall Risk

(Includes non-modifiable risks of age, gender, race and health history)

Nutrition

Good nutrition is vital for energy, good health, and prevention of disease. Poor eating habits lead to obesity, diabetes, high blood pressure, cancer, coronary heart disease, and stroke.

Listed below are nutritional risk indicators that are linked to early disease. The number and percentage of employees in your organization who need improvement in these areas are listed below. Choosing nutritious foods plays an important role in keeping employees healthy and productive.

Modifiable Risks

Nutrition Risk Factors	Your Results Number	(%)	National Norms ³	2015-16
▶ Low in whole grains (<3 serv/day)	118	60.5%	62%	55.1%
▶ Low fruit/vegetable intake (<5 C/day)	128	65.6%	73%	63.4%
High intake of saturated fats	64	32.8%	29%	33.3%
High-fat meats (eaten most days)	52	26.7%	29%	24.7%
Choose primarily unhealthy fats	42	21.5%	17%	21.4%
Choose mostly high saturated fat proteins	52	26.7%	29%	24.7%
▶ Seldom eat nuts (<3 times/wk)	93	47.7%	65%	51.4%
Low dairy intake (<2 serv/day and no calcium supplement)	49	25.1%	31%	25.1%
High sweets intake (3+ serv/day)	34	17.4%	14%	11.1%
Food intake high in sodium (salt)	16	8.2%	8%	7.4%
Skipping breakfast often	21	10.8%	15%	10.7%
Low Intake of water (<5 cups/day)	66	33.8%	56%	37.9%
Excess calorie intake (BMI 30+)	34	17.4%	36%	18.5%
▶ Top nutrition needs in your organization				

Dietary Guidelines

Key Dietary Guidelines:¹¹

- Eat a variety of fresh fruits and vegetables - 5-9 servings daily.
- Eat primarily whole-grain breads and cereals - 3+ servings daily.
- Limit animal/saturated fats. Use vegetable oils in their place.
- Limit sugar/sweets, desserts, and other refined carbohydrates.
- Balance weight with lower-calorie foods and regular activity.
- Limit sodium (salt) in the diet to less than 2,300 mg per day.

Overall Risk

Fitness

Regular physical activity keeps the muscles, bones, and waistline in better shape. Exercise has also been shown to decrease one's risk for high blood pressure, heart disease, diabetes, certain cancers, and stroke.

Fit people are also sick less often, require less healthcare, are happier, and are more productive employees. Regular physical activity is a key element in any organization's employee wellness program. Exercise programs pay good dividends for both the employee and for the organization.

Modifiable Risks

Fitness Indicators	Your Results Number	(%)	National Norms ³
▶ Low physical activity (1-2 days per week)	28	14.4%	45%
▶ No regular physical activity (0 day per week)	8	4.1%	27%
▶ No regular strength training (<2 days per week)	77	39.5%	61%
▶ No regular stretching regime (<2 days per week)	101	51.8%	61%
▶ Top fitness needs in your organization			

2015-16
18.9%
3.7%
40.3%
50.2%

Recommendations

Suggestions for Physical Activity Interventions:

- Pedometer program - Set a goal of 8,000-10,000 steps daily.
- Walking program - Recommend 30 minutes, 5+ times per week.
- Running program - Aim for 20-30+ minutes, 3-5 days per week.
- Encourage employees to walk or bike to work if they are able.
- Assist with gym memberships for employees/family members.
- Initiate an online exercise logging system.

Exercise Guidelines

All healthy adults need 30 minutes of moderate-intensity aerobic activity 5 or more days per week, or vigorous activity for 20+ minutes 3 or more days per week.¹² Combinations of moderate and vigorous activity can meet this goal.

To further improve personal fitness, reduce risks for chronic diseases, or to help prevent weight gain, the recommendation is 45-60 minutes daily.

In addition, do muscular strength and stretching activities 2 days per week.

Overall Risk

Stress and Coping

High levels of stress and poor coping ability are significant causes of high healthcare claims, impaired productivity, and low job satisfaction. They also contribute to depression, anxiety, and other chronic health conditions.

In this report, stress is defined as "feelings of tension, irritability, and anxiety often resulting in difficulty sleeping." See below how stress is affecting people in your organization.

Modifiable Risks

Stress Risk Factors	Your Results Number	(%)	National Norms ³	2015-16
▶ High levels of stress at home	23	11.8%	12%	14.4%
▶ High levels of stress at work ¹³	62	31.8%	26%	32.1%
High levels of financial stress	17	8.7%	8%	7.8%
▶ 2+ major life events causing stress	22	11.3%	15%	12.8%
Feelings of little or no control over life	2	1%	3%	0.8%
Negative outlook on the future	4	2.1%	3%	3.3%
Depressed mood - feeling down, unhappy, or hopeless	13	6.7%	11%	11.5%
▶ Top stress indicators needing attention in your organization				

Recommendations

Suggestions for Stress-Reduction Interventions:

- Hold a class on Improving coping skills.
- Provide an online intervention for stress reduction.
- Make available a self-study guide on reducing stress.
- Refer persons needing help to an employee assistance program.
- Promote regular physical activity - a great stress reducer.
- Provide a financial planning program for employees.
- Provide job training as needed for new employees.
- Develop a corporate culture and management practices that help create a stress-free work environment.

Overall Risk

* Even one high-stress indicator can have a negative impact on health and productivity.

Safety

Promoting safety at work and home is an excellent way to reduce high healthcare costs due to accidents, injuries, and disability. For persons under the age of 40, accidents are the leading cause of disability and injury.

The report below identifies unsafe practices by people in your organization that need attention. Make safety a major goal and value for your employees. Remember, most accidents can be prevented!

Modifiable Risks

Safety Factors	Your Results Number	(%)	National Norms ¹	2015-16
▶ Not always wearing a safety belt	28	14.4%	15%	12.3%
Driving high miles yearly	19	9.7%	18%	9.1%
▶ Not always using good lifting technique	69	35.4%	36%	39.9%
▶ Not always wearing a helmet when needed	34	17.4%	12%	21.8%
No smoke detectors at home	2	1%	3%	1.2%
Driving soon after drinking alcohol (or riding with someone who has)	20	10.3%	13%	9.9%
Not using child seats when needed	1	0.5%	1%	0.8%
Excessive sun exposure	8	4.1%	8%	3.7%
▶ Top safety needs in your organization				

Recommendations

Suggestions for Improving Safety:

- Have a safety committee in your organization.
- Provide awards for departments with good safety records.
- Conduct safety campaigns yearly to highlight safety needs.
- Display posters on safety throughout the year.

Overall Risk

* Even one major accident can have a significant impact on healthcare costs for the year.

Weight

Excess body weight is one of the most common health conditions linked to chronic disease and higher healthcare costs. Excess body weight increases a person's risk for high blood pressure, diabetes, coronary heart disease, stroke, depression, and disability.

The prevalence of overweight and obesity in your organization is shown below. Taking steps to prevent and deal with excess weight needs to be an important component of every employee wellness program.

Modifiable Risks

Weight/Body Composition:	Your Results Number	(%)	National Norms ¹
Underweight (BMI < 18.5)	3	1.5%	1%
Healthy weight range (BMI 18.5-24.9)	95	48.7%	30%
Overweight (BMI 25-29.9)	63	32.3%	33%
Obese, high risk (BMI 30-34.9)	20	10.3%	22%
Very obese, very high risk (BMI 35+)	14	7.2%	14%
High waist circumference (men 40+ inches, women 35+ inches)	48	24.6%	29%
Obese and no exercise* (<2 days/wk)	4	2.1%	10%

* Regular physical activity helps offset many of the health risks of obesity

2015-16

45.3%
35%
12.3%
6.2%
23%
2.5%

Recommendations

Suggestions for Managing Excess Body Weight:

- Provide an onsite weight-loss support group.
- Make available self-study guides for weight loss.
- Promote physical activity programs, such as walking and using pedometers, biking to work, and gym memberships.
- Provide periodic nutrition programs featuring low-calorie meals.
- Provide incentives for those who are overweight to exercise regularly. Research shows that people who exercise have reduced healthcare costs, even if they don't lose weight.¹⁴

Overall Risk

Chronic Health Conditions

A major factor driving healthcare costs in any organization is the number of chronic health conditions present. Persons with high blood pressure, asthma, diabetes, and other chronic conditions have significantly higher medical claims. It is important that these people get good medical care and help in managing their condition to prevent future problems and complications. It also helps minimize healthcare costs in the future.

Common chronic conditions found in your organization are listed below.

Modifiable Risks

Chronic Health Conditions:	Your Results Number	(%)	National Norms ³	2015-16
▶ Allergies	67	34.4%	28%	35.8%
Asthma	17	8.7%	8%	8.6%
▶ Arthritis	18	9.2%	11%	7.8%
Chronic back pain	11	5.6%	8%	4.1%
Chronic lung disease (COPD)	0	0%	1%	0%
Chronic sinus problem	5	2.6%	5%	4.9%
Coronary heart disease	0	0%	11%	0.8%
Cancer	7	3.6%	6%	2.1%
Diabetes	5	2.6%	11%	1.2%
Stroke	0	0%	3%	0.4%
▶ Broken bones in last 10 yrs	23	11.8%	8%	10.3%
High blood pressure (140/90+)	3	1.5%	31%	18.1%
Depressed mood for 2 or more weeks	13	6.7%	11%	11.5%
▶ Top chronic health conditions in your organization				

Recommendations

Suggestions for Managing Chronic Conditions:

- Encourage people with health problems to get regular medical care. This can help prevent more serious complications in the future. This is especially important for diabetics and people with high blood pressure.
- Make self-study guides available that pertain to their health problems.
- Offer help from a health coach to assist them in managing their health problems and reducing their risks.

Overall Risk

Health Interests

When planning your wellness program, it is important to know the health needs and interests of your employees. The following tables show the health needs and interests of your employees:

Prevalence

Health Interests:	Your Results Number	(%)	National Norms ³	2015-16
▶ Nutrition/healthy eating	37	19%	42%	30.9%
▶ Weight management	51	26.2%	41%	32.1%

Walking group	19	9.7%	17%	13.6%
Cholesterol reduction	25	12.8%	27%	14%
Blood pressure reduction	9	4.6%	18%	5.8%
Reducing diabetes risk	20	10.3%	20%	14.4%
Men's health issues	2	1%	14%	1.6%
Reducing coronary risk	2	1%	17%	2.1%
Reducing cancer risk	19	9.7%	25%	11.5%
Alcohol/drug help	0	0%	2%	0%
Medical self-care	32	16.4%	22%	18.5%
Healthy back	6	3.1%	16%	1.6%
▶ Stress reduction	43	22.1%	32%	31.7%
Women's health issues	11	5.6%	19%	8.2%
Dealing with depression	14	7.2%	13%	7.4%
▶ Top health interests in your organization				

Lifestyle Change Desired: *	Number	(%)	2015-16
Be physically active	69	35.4%	39.1%
Practice good eating habits	57	29.2%	35%
Avoid smoking or using tobacco	0	0%	0%
Lose weight or maintain a healthy weight	79	40.5%	48.6%
Cope better with stress	17	8.7%	18.1%
Lower or maintain healthy cholesterol	32	16.4%	18.5%
Lower or maintain healthy blood pressure	4	2.1%	7.8%
Avoid alcohol or drink in moderation	1	0.5%	0.8%
Live an overall healthy lifestyle	29	14.9%	18.9%

* Recently started or expressed a desire to change within the next 1 to 6 months.

Recommendations

Suggestions for Providing Health Programs:

- Invite experts to present on specific health topics.
- Make self-study guides available for topics of interest.
- Offer health coaching to assist employees in managing changes.
- Provide online interventions.
- Refer employees to helpful programs in your community.

Health Culture

Demographics

Age, gender, and race are important considerations in assessing risk and planning interventions. Many health conditions are more prevalent in certain ethnic groups. Increasing age is a strong indicator of healthcare costs. Planning age/gender specific interventions can help improve participation and effectiveness of corporate wellness programs. Key demographic indicators for your organization are listed below.

Percentages

Gender	Your Results

Glossary

This glossary can give you a better understanding of terms and risk factors mentioned in this report. If further help is needed, ask your health coordinator or a health professional for specific guidance.

A1C

A1C is an abbreviation for *glycated hemoglobin*, a blood test that reflects how high the blood sugar levels have been over the past three months. For non-diabetics, an A1C of less than 5.7% is normal; a level of 5.7 to 6.4% is called prediabetes and indicates increased risk for coronary heart disease and diabetes. An A1C level of 6.5% or higher indicates diabetes. For diabetics, an A1C of less than 7.0% is recommended and indicates good glycemic control.

Blood pressure

Blood pressure is an indicator of health that is reported as two numbers separated with a slash such as 110/70. The first number represents the *systolic* pressure in the arteries, when the heart is contracting. The second number represents the *diastolic* pressure in the arteries between heart beats, when the heart is resting. If either number gets too high, it signals the potential for damage to the heart, arteries, eyes, kidneys, and brain. Normal blood pressure is less than 120/80. Prehypertension is indicated by blood pressure of 120/80 to 139/89. High blood pressure is 140/90 or higher.

BMI

BMI, or *body mass index*, is a measure of weight in relation to height. According to research, a healthy weight is indicated by a BMI in the range of 18.5 to 24.9, overweight is a BMI of 25 to 29.9, and obesity or high risk is a BMI of 30+. Use a BMI calculator to determine BMI and health risk.

Bone density

All healthy bones lose some density as people grow older. The condition called *osteopenia* is a thinning of the bones. A more advanced bone density loss is called osteoporosis. Because bones are living tissue, they can become stronger and denser with exercise – specifically, weight-bearing exercise. Potassium and magnesium are nutrients found in high concentrations in many fruits and vegetables. They, even more so than calcium, are vitally important to bone health.

Cholesterol

Cholesterol is a fatty substance normally found in the blood. However, if the cholesterol level becomes too high, it can accumulate in the arteries which can lead to atherosclerosis, coronary heart disease, and stroke. Cholesterol comes in various forms. HDL (the “good” cholesterol) is considered protective because it helps remove excess cholesterol from the artery walls, thus preventing heart disease. High levels of LDL (the “bad” cholesterol) will clog the arteries and contribute to heart disease. Norms for each are shown below:

Risk Rating	Total cholesterol	LDL cholesterol	HDL cholesterol
Ideal	Less than 160	Less than 100	60+ mg/dL
Desirable	Less than 200	Less than 130	45+ men, 55+ women
At risk	200+ mg/dL	130+ mg/dL	Less than desirable
High risk	240+ mg/dL	160+ mg/dL	Less than 40 mg/dL

People at high risk, such as diabetics or those with heart disease, should aim for the “ideal” goal.

Diabetes

Diabetes is a disease characterized by high blood sugar (fasting glucose level of 126 mg/dL or higher; nonfasting glucose of 200 mg/dL or higher; or A1C level of 6.5% or higher). The high sugar in the blood can damage the arteries resulting in heart disease and stroke. High blood sugar can also damage the eyes and kidneys causing blindness and kidney failure, and lead to other complications, such as poor circulation and nerve damage. A healthy lifestyle (including regular physical activity, healthy meals low in saturated fat and refined carbohydrates, and high in fiber) and good glycemic control (including insulin or other medications if needed) can minimize these serious complications. All people age 45 or older – or younger than 45 if they have risk factors such as obesity or a family history of diabetes – should be screened for diabetes with a fasting blood sugar (glucose) test.

Fruits and vegetables

Fruit and vegetable intake is linked to a decreased risk of heart disease, cancer, stroke, and osteoporosis, and to overall good health and longevity. The MyPyramid.gov and the DASH Diet by NIH recommends 7 to 10 servings of fruits and vegetables daily. One serving = 1/2 cup chopped or cooked vegetables; 1 cup raw leafy vegetables; 1 medium apple, banana, orange, or pear; 1/2 cup of chopped, cooked, or canned fruit; and 3/4 cup fruit juice.

Glucose

Glucose is another name for blood sugar. Glucose is required for energy. If the glucose levels get too low (hypoglycemia) it causes symptoms such as hunger, shakiness, headache, inability to concentrate, and emotional effects. Eating food with carbohydrate relieves the system. If the blood sugar level gets too high, it can damage the arteries, heart, eyes, and kidneys, and increase the risk for cancer and cardiovascular disease. Norms are listed below:

Blood sugar (glucose) norms	Fasting	Non-fasting
Normal	60-90 mg/dL	Less than 200

High normal	90-99.9 mg/dL	100-139.9 mg/dL
Prediabetes	100-125.9 mg/dL	140-199.9 mg/dL
Diabetes	126 mg/dL or higher	140 mg/dL or higher

HDL cholesterol

HDL stands for *high-density lipoproteins*, a protein-fat complex that transports cholesterol and fat in the blood. Cholesterol carried in association with HDL (the "good" cholesterol) is desirable because it is being carried out of the body rather than being deposited in an artery wall. People with high HDL levels (60 mg/dL or higher) seldom have heart or circulatory problems because HDL removes excess cholesterol from arteries and prevents coronary artery disease. The higher the HDL cholesterol level, the lower the risk of heart disease. Low HDL levels (40 mg/dL or lower) are linked to a high risk of coronary heart disease. Most research shows that HDL cholesterol level is a better indicator of risk than either total cholesterol or LDL level. Average HDL cholesterol level is 45 for men and 55 for women.

The remaining types of cholesterol are *non-HDL*, or "bad" cholesterol. They include LDL (low-density lipoprotein), IDL (intermediate-density lipoproteins), and VLDL (very-low-density cholesterol). VLDL is made up mostly of triglyceride (blood fat) and a small amount of cholesterol. All non-HDL cholesterol is atherogenic, meaning it can damage the heart by advancing atherosclerosis.

Health age

A person's "health age" is determined by his or her health practices. People with poor health practices could have a health age that is much older than their chronological age. People who live healthfully could be physically or biologically younger, and therefore have a younger health age than their actual age.

Heart disease

The term "heart disease" refers to several abnormal conditions including: *coronary artery disease* (hardened, narrowed arteries that reduce blood flow to the heart) that can cause *angina* (chest pain) or *heart attack* (from a severely or completely blocked artery that stops blood flow to the heart), *heart failure* (when the heart has difficulty pumping blood), and *arrhythmias* (changes in the heartbeat). Heart disease often has no immediate symptoms. However, shortness of breath, chest or arm pain, dizziness, nausea, or abnormal heartbeats can be symptoms of heart disease and warning signs of a heart attack.

Hypertension

Hypertension, also called "high blood pressure," is a blood pressure reading at or above 140/90. The top number is the systolic pressure – the pressure created when the heart contracts. The bottom number is the diastolic pressure – the pressure inside blood vessels when the heart is at rest.

If blood pressure is at or above 140/90, the heart is working harder than it should just to keep enough blood flowing throughout the body. This extra effort could damage the heart muscle and cause a heart attack, a stroke, kidney failure, or brain damage. The most common causes of high blood pressure are: smoking, a diet high in saturated fat and salt, a lack of exercise, being overweight, and drinking an excessive amount of alcohol.

LDL cholesterol

Cholesterol is carried in protein-fat complexes (called lipoproteins) in the blood. *Low-density lipoproteins* (LDL) carry cholesterol that is likely to be deposited in the arteries, if the LDL level in the blood is high. The recommended level of LDL (or "bad" cholesterol) is less than 130 mg/dL – or less than 100 mg/dL if a person already has coronary heart disease or diabetes. Eating low-cholesterol, high-fiber meals, maintaining a healthy weight, and getting regular exercise helps keep LDL cholesterol levels within a healthy range.

Metabolic syndrome

Metabolic syndrome is a cluster of "moderate" health risks. However, when these health risks occur together, it significantly increases the risk for heart disease, stroke, and diabetes. A person with any 3 of the following conditions has metabolic syndrome:

- Elevated blood pressure: 130/85 or higher
- Insulin resistance: indicated by elevated fasting blood glucose levels of 100 mg/dL or higher
- Elevated triglycerides: 150 mg/dL or higher
- Abdominal obesity: waist circumference of 40+ inches (men) or 35+ inches (women)
- Low HDL cholesterol: less than 40 mg/dL (men) or less than 50 mg/dL (women)

It is estimated that 1 out of 4 adults in the United States has metabolic syndrome.

METs

METs are multiples of resting metabolism and are measures of intensity of physical activity. At rest, a person's metabolism is 1.0 MET. Walking fast is a 4.0 MET activity. Running a mile in ten minutes is a 1.0 MET activity. While running at this speed a person burns 10 times as much energy as when sitting quietly at rest.

NIH

NIH is an abbreviation for the National Institutes of Health, a government agency that is part of the U.S. Department of Health and Human Services. The NIH provides information and guidelines for identifying, treating, and preventing disease and improving health, and is composed of many institutes, each focusing on its specific health concerns. NIH institutes include the National Heart, Lung, and Blood

Institute; the National Cancer Institute; and others that direct research for metabolic diseases, digestive diseases, and many other disorders. The NIH is recognized as a major source of evidence-based knowledge in health and medicine.

Non-HDL cholesterol

Cholesterol in the blood is actually a cholesterol-protein package. HDL (high-density lipoprotein, the "good" cholesterol) contains the highest amount of protein and lowest amount of cholesterol. HDL cholesterol acts to remove cholesterol from the blood, which protects against heart disease.

Obese

Obese is a medical term that refers to being significantly overweight (excess fat weight) and at increased risk for development of serious diseases including high blood pressure, heart disease, cancer, stroke, and diabetes. Obesity is generally defined as having a BMI (body mass index) of 30 or higher.

Osteoporosis

Osteoporosis is a disease in which bones become porous and fragile. This disease usually progresses unnoticed until a bone breaks, most often in the hip, wrist, or spine. A diet rich in calcium, potassium, magnesium, and vitamin D (which helps calcium absorption) can keep bones strong. Risk factors for osteoporosis include being small-boned and thin, being Caucasian or Asian, being female over age 50, not exercising, and being a smoker.

Overweight

A person who has more body fat than is optimally healthy, and has a BMI (body mass index) of 25 to 29.9, is considered overweight. Approximately 64% of the U.S. adult population is overweight, and more than 17% of U.S. children and adolescents are overweight. These percentages continue to rise every year.

Physical activity

Physical activity is an important part of weight management. While most weight loss occurs because of reduced calorie intake, weight regain is greatly prevented by sustained physical activity. Physical activity also reduces the risk of cardiovascular disease and diabetes beyond the reduced risk produced by weight loss alone.

Moderate physical activity burns 3.5 to 7 calories per minute, requires deep breathing, and would be described as "fairly easy" to "somewhat hard."

Examples of moderate physical activity (3-6 METs):

- Walking 2 miles in 30-35 minutes
- Bicycling 8-9 mph for 30 minutes
- Low-impact aerobics to music for 30 minutes
- Active dancing for 30+ minutes
- Playing 9 holes of golf, walking
- Swimming laps for 20-30 minutes
- Active gardening for 30-45 minutes

Vigorous physical activity burns more than 7 calories per minute, is characterized by a large increase in breathing or heart rate (making conversation difficult), and would be described as "somewhat hard" to "hard."

Examples of vigorous physical activity (6.1 METs or higher):

- Fast walking (less than a 15 min/1 miles) for 30+ minutes
- Jogging/running for 20-30+ minutes
- Hill climbing for 30-60 minutes
- Bicycling 12-15 mph for 30-60 minutes
- Playing tennis, racquetball or basketball for 30-60 minutes
- Step aerobics for 30+ minutes
- Downhill or cross-country skiing for an hour or more

Prediabetes

Prediabetes is the condition where a person's blood glucose levels are higher than normal (100-125.9 mg/dL) but not yet high enough to be called diabetes. Pre-diabetes, which affects 54 million Americans, is usually present before a person is diagnosed with type 2 diabetes. Long-term damage to the body, especially to the heart and circulatory system, can occur with prediabetes.

In a research study, diet and exercise worked better than medication did to stop diabetes from developing. Thirty minutes of moderate physical activity a day along with a 5-10% weight reduction resulted in a 58% reduction in diabetes cases. Fasting blood sugar levels of 100 to 125.9 mg/dL, or A1c levels of 5.7% to 6.4%, indicate prediabetes.

Prehypertension

Normal blood pressure is less than 120/80 mmHg. High blood pressure, or hypertension, is 140/90 or higher. The measurement in between – 120/80 to 139/89 – is prehypertension. People with prehypertension don't have high blood pressure yet, but are likely to develop it. Adopting a healthy lifestyle – eating fruits, vegetables, whole-grain high-fiber foods, fat-free and low-fat dairy products,

legumes, lean meats, fish, and low-sodium foods, and engaging in at least 30 minutes of physical activity most days – can lower blood pressure.

Prevalence

Prevalence is the total number of cases of a disease or condition in the population at any given time.

Stress

Stress is a normal part of life that, when kept manageable, does not pose a health risk. Stress becomes harmful, however, when it is continual and affects a person's ability to function normally. When someone feels stressed, the cycle of stress needs to be broken – for example, by practicing deep breathing or relaxation techniques, taking a break from the stressful situation, or by being physically active.

It is not known if stress is an independent risk factor for cardiovascular disease. But chronic stress can lead to other risk factors – such as smoking, physical inactivity, overeating, high blood pressure, and high cholesterol levels – that do increase the risk of heart disease.

Triglycerides

Triglyceride (also referred to as triacylglycerol) is the name for fat found in the blood. The body quickly converts any unused calories into triglycerides, which are then stored in the fat cells. If blood fats get too high they contribute to blood clotting and coronary heart disease. A fasting blood test is the most accurate measure of triglyceride levels. Fasting blood triglyceride levels of less than 150 mg/dL are normal. Fasting blood triglyceride levels of 150 to 199.9 mg/dL are elevated, while 200 mg/dL or higher are considered high risk. A fasting blood triglyceride level of 250 mg/dL or higher is a risk indicator for diabetes. Recommendations for lowering triglyceride levels include regular physical activity, weight loss if overweight, limiting refined and high-glycemic carbohydrates (i.e., white bread, white potatoes, candy bars, soft drinks) and avoiding or limiting alcohol.

Wellness score

The overall wellness score (from 0 to 100) reflects how many good health factors linked healthy living and a long life, you currently incorporate in your lifestyle. The higher the score, the higher the wellness rating and the better your health. High wellness scores are also linked to lower healthcare costs for employers. A wellness score of 60 or higher indicates you are doing well; 80 or higher is excellent, and a score of 100 is perfect!

DATE: August 7, 2017

TO: Board of Trustees

FROM: Mitch Craft, Assistant Superintendent

SUBJ: **PLC Live Contract Approval** (*Action*)

At your August Board of Trustees meeting, we will seek approval of our PLC Live contract with Findlay University. PLC Live is a new, online professional development platform through which educators from across the nation can take coursework in Professional Learning Communities content. Dr. Casey Reason, an international-level PLC presenter, is partnering with our district to design and deliver PLC Live courses through Findlay University. Paige Sanders, Woodland Park Principal, will be on hand to provide an overview of the PLC Live platform and our district's potential involvement in the program. The contract with Findlay is attached below.

PLC Live Contract

AGREEMENT FOR ADVANCEMENT OF PROFESSIONAL COMMUNITIES AND VIRTUAL COLLABORATION

This Agreement is entered into on the date of the last signature affixed hereto by and between **Sheridan County School District No. 2, State of Wyoming**, whose address is 201 N. Connor St., Suite 201, Sheridan, WY 82801 (referred to herein as “SCSD2”), **Casey Reason**, whose address is _____, and the **University of Findlay**, whose address is 1000 N Main St, Findlay, OH 45840 (referred to herein as “FINDLAY”).

Recitals

A. The parties desire to work together to create opportunities for advancement in knowledge of best practice applications of the *professional learning community* (“PLC”) model.

B. The parties desire to co-create a user-friendly twenty first century set of (primarily digital) tools and training materials designed to link state-of-the-art scholarly knowledge of PLCs with frontline, observable, best practice applications.

C. The parties desire to work together to utilize the aforementioned, co-created set of training materials to serve as the core content for a series of PLC professional development courses.

Agreement

In consideration of the recitals, promises and undertakings contained herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Recitals.** The Parties incorporate and adopt the foregoing Recitals as a substantive part of this agreement and as affirmative representations of the Parties.

2. **Term.** This agreement shall be effective for a period beginning August 1, 2017 and ending July 31, 2018; provided, however, either party may terminate this agreement at any time with or without cause by giving thirty (30) days written notice to the other party.

3. **Programs.** The Parties agree to work together to develop, promote, and otherwise facilitate the following programs:

a. **New Knowledge (PLCs).** SCSD2, Reason and FINDLAY shall implement a program the purpose of which is to provide continual development of the PLC model. This program shall include, but it not limited to, the following components:

- i. Ongoing, co-authored Blog on PLCs.
- ii. Venue for scholarly, university endorsed and supported research regarding the PLC concept.
- iii. Opportunities for articles and other contributions to professional publications.

b. **Training Materials.** SCSD2 and FINDLAY shall co-create primarily digital training materials designed to link scholarly knowledge of PLCs with frontline, observable, best practice applications. These training materials may include materials and support for: (a) The year-long community of practice; and (b) shorter topic-driven digital training opportunities.

4. **SCSD2 Duties and Responsibilities.** SCSD2 shall provide and/or be responsible for the following:

a. SCSD2 shall provide FINDLAY with instructional videos, practitioner interviews and other practical PLC application tools that serve to explore, describe and illustrate many of the key elements associated with the successful implementation of PLCs (referred to herein as “SCSD2 Intellectual Property”). The SCSD2 Intellectual property may consist of instructional videos, practitioner interviews and other PLC application tools that have previously been developed by SCSD2 and/or such additional interviews, tool development and analysis, and other intellectual property developed by SCSD2 during the term of this agreement.

b. SCSD2 shall provide at least two (2) staff members with experience in implementing PLCs to assist FINDLAY in the development and ongoing implementation and facilitation of these digital training opportunities.

5. **Reason and FINDLAY’s Duties and Responsibilities.** Reason and FINDLAY shall provide and/or be responsible for the following:

a. FINDLAY, working in direct accord with Findlay University professor and noted PLC expert Dr. Casey Reason, shall be primarily responsible for all instructional design, which includes the design and development of the New Knowledge PLCs. FINDLAY, working under the auspices under the scholarly work of Dr. Casey Reason, will utilize their own previously established knowledge and available artifacts in providing scholarly definitions of PLC content to serve as a companion for the practical, SCSD2-FINDLAY training materials.

c. FINDLAY has established and supports a learner management system (referred to herein as the “LMS”) designed to promote digital learning. FINDLAY shall utilize the LMS and its access to both scholarly and technical resources to further the purposes of this agreement. The LMS provided by FINDLAY will serve as a digital PLC center for this work, SCSD2 staff will have complete access to all of the digital tools related to the PLC work as referenced in this agreement.

6. **Costs / Expenses.**

a. SCSD2 shall be responsible for all costs and expenses associated with fulfilling the duties and obligations of SCSD2 as set forth above.

b. FINDLAY shall be responsible for all costs and expenses associated with fulfilling the duties and obligations of FINDLAY as set forth above.

c. The parties shall jointly share in such other expenses incurred for the programs provided for herein in such proportions as mutually agreed upon by the parties in writing in advance.

d. Neither party shall be required to pay for the costs or expenses incurred by or the responsibility of the other party.

7. **Revenue.**

It is anticipated that the programs provided for herein and the sale of professional development opportunities utilizing said programs will generate a profit. The parties agree to share the profits (gross revenues less expenses associated with hosting and registration) that are realized from the programs and professional development offerings made possible by this agreement as follows:

Professional Development

SCSD2 – 45%
Casey Reason - 45%
Findlay University – 10%.

Graduate Courses

SCSD2 shall receive the first \$4,800.00 received each year. Thereafter the parties shall share in the profits as follows:

SCSD2 – 20%
Casey Reason – 20%
Findlay University – 60%.

FINDLAY will serve as the fiscal agent in collecting funds in working with clients.

8. **Use of Materials.** The parties agree and acknowledge that SCSD2 shall have free access to all programs, training materials, and professional development offerings to be used by the district for local professional development and/or further concept implementation. Upon termination of this agreement, each party shall retain ownership of all materials, designs, and programs that were created or provided by said party. Upon termination of this agreement, neither party shall continue to utilize in any manner or format any materials, designs, or programs that were created or provided solely by the other party.

9. **General.**

a. This Agreement shall be reviewed as the need may arise; and the parties, per mutual written agreement, may modify or amend any terms of this agreement accordingly.

b. Wyoming law shall apply regarding all questions of interpretation of terms of this Agreement notwithstanding that nothing in this Agreement is intended to be contrary to State or Federal law; and, in any apparent conflict, the State and/or the Federal law will supersede the terms of this Agreement.

c. SCSD2 does not waive its sovereign and/or governmental immunity by entering

into this Agreement and fully retains all immunities and defenses provided by law.

d. SCSD2 employees and students are not employees or agents of FINDLAY and nothing contained within this Agreement shall be construed as creating that relationship.

e. FINDLAY's employees are not eligible or entitled to coverage under SCSD2 Workers' Compensation, Unemployment Compensation, or Health Insurance Programs or other benefits offered by SCSD2 to its employees.

f. FINDLAY's employees are not entitled to compensation from SCSD2 in connection with any service or actions performed that are related to this agreement.

g. To the extent allowable by Wyoming law, FINDLAY will defend, indemnify and hold harmless SCSD2, its trustees, agents, employees and representatives from any and all claims for loss or damage to property or injury or death to persons arising from the negligent or wrongful acts or omissions of FINDLAY or its employees and from all other claims that may arise in connection with the programs or services offered under this agreement.

h. FINDLAY shall maintain adequate professional and general liability insurance in such amounts as are mutually agreeable to the parties. A certificate of insurance shall be provided to SCSD2 upon request.

i. Nothing herein is intended to give FINDLAY the right or ability to inspect the education records or other information pertaining to students of SCSD2. FINDLAY shall not display the image, photograph, or any other information concerning individual SCSD2 students on any written or electronic documents or by any electronic or digital method (i.e., website, video, audio or visual recording, etc.) without: (a) the written consent of SCSD2, and (b) written consent from the parents/guardians of said students.

j. Both parties shall fully adhere to all applicable local, state and federal law.

10. This agreement shall replace and supersede the AGREEMENT FOR ADVANCEMENT OF PROFESSIONAL COMMUNITIES AND VIRTUAL COLLABORATION dated March 22, 2017.

Dated effective this ____ day of _____, 20__.

SUBJ: **Committee Opening Appointments** *(Information)*

Due to the resignation of Mike Sweeney, we have openings on the Capital Construction and Board Policy Committees. I am appointing Trustee Craig Achord to both of those committees. For your reference, I have linked Policy BDE - Board Committees.

BOARD COMMITTEES

BOARD COMMITTEES

The Board, upon a motion that is passed, may create such advisory committees as necessary to assist the Board of Trustees. Advisory Committees shall be subject to the following rules:

1. The function of committees shall be advisory only. No committee shall have the authority to make decisions that are properly within the realm of the Board of Trustees. No committee shall have the power to assume or exercise responsibilities that are properly within the realm of administrative employees or other employees within the District.
2. The number of board members serving on any committee shall always be less than a majority of the number of members of the Board of Trustees.
3. Committees shall report to the Board of Trustees annually, or before, as necessary.
4. The chairman shall have the power to appoint members of the Board of Trustees to serve on such committees as he/she deems necessary and appropriate. Committee members shall be appointed annually. The chairman may appoint a board member to fill an unexpired term of any committee person who is unable to serve.
5. Committees shall continue for a term of one year unless extended by majority vote of the Board. Committees may be terminated before expiration of the annual term upon a motion and a vote of a majority of the Board.
