

POLICY ADOPTION, REVISION AND REPEAL

In an effort to keep its written policies up to date so that they may be used consistently as a basis for Board action and administrative decision, it shall be the Board of Trustees' duty to adopt policy and consider revising and/or repealing policies on a systematic basis.

The Board shall evaluate how the policies have been executed by the administration and school staff. It shall consider input from the administration, school staff, students, and community regarding the effect of current policies and/or the need for new or revised policies to be implemented.

The Superintendent is given the continuing mission of calling the Board's attention to all policies that need revision or revocation and the implementation of new policies to address changing conditions.

Policies that are new or proposed to be revised or repealed shall be presented to the Board of Trustees. If approved on first reading and after a review period, the policy shall be submitted to the Board of Trustees for second and final reading. The policy will take effect immediately upon approval on second reading by the Board of Trustees unless otherwise specified.

Exception: In the event of an emergency as determined by the majority of the Board of Trustees, new policies proposed to be revised or repealed may be approved by the Board of Trustees to take effect on first reading.

Policies should reflect the adoption date and the date of revision of the policy or date of review.
