

**FUNDS FROM STATE, FEDERAL, AND OTHER SOURCES**

The Board of Trustees will seek as many sources of revenue as possible to supplement the funds provided through the State's school foundation guarantee which includes local taxation. The Board of Trustees may also submit funding requests to the School Facilities Division and seek out federal / competitive grants.

The Board authorizes the superintendent and/or designee to execute and file applications for the school district and to act as its authorized representative in matters concerning state, federally, and/or privately funded programs.

A report of all state and federal aid and special grants will be submitted to the Board on an annual basis or as awarded.
