General Information

Introduction

John C. Schiffer Collaborative School (JCSCS) is a part of SCSD2's educational programs. Our purpose is to provide educational opportunities for students/families who are seeking non-traditional educational situations. Students at JCSCS will master the same state and district standards as their peers at Sheridan High School. Our alternative setting allows students to work toward mastery using a variety of learning strategies focused on individual learning styles, varied assessments, and a flexible pace.

This handbook is intended to be a guide to school policies, regulations, procedures, and expectations, the principles that make this school a positive place to learn.

Our mission statement has been developed by a group of parents, teachers, administrators, board members, community members, and students. Our goal is that all community members can communicate the mission statement. This statement drives decisions made concerning program development, curricula, staff development, student and parent involvement, etc.

Building Hours

JCSCS will be open from 7:30 a.m. until 4:00 p.m. If students arrive on campus before 8:00 a.m., they will be asked to either visit quietly or complete necessary assignments. Students are not allowed into any classrooms, unless asked by a teacher. Students should leave the building by 3:45 p.m., unless requested by staff to stay later.

Academic Quarters

The school year will be divided into quarters (four nine-week periods). Due to extended class periods of 90 minutes, students earn .50 credits per completed class taken each quarter, except Tribes. Students earn .125 credits for Tribes each quarter.

Academic Hours

JCSCS classes run from 8:20 a.m. to 3:25 p.m. Monday through Thursday, and Friday from 8:20 a.m. to 12:50 p.m. Friday afternoons are used for remediation (assistance for students struggling in academic classes) unless students earn the privilege of early release.

Student Vehicles

Students who have a vehicle and a valid driver's license must fill out a parking registration form. All student are required to park in designated area.

Medications

If it becomes necessary for a student to take any form of medication at school, a school medical form signed by the parent/guardian must be presented to the office. All medication must be brought in its original container from the pharmacy and kept in and dispensed through the office. **District and State regulations insist upon compliance for your children's and staff safety.**

Breakfast/Lunch

Students will be issued a code when they purchase their initial meals. An account is required to purchase a meal and to eat. Students with free and reduced lunches also have a code, indistinguishable from paid accounts. Parents are encouraged to fill out a free/reduced lunch form at any time. These forms are provided at registration, in the office, or on the Parent Portal. A notice will be given to parents when the account is low.

Student Phone Calls/Messages

- Students are to use the school telephone only between classes.
- If a student becomes ill, they must call a parent or guardian from the office, not on their cell phone.
- Messages and deliveries from home should be left in the office.
- Non-emergency phone calls for students need to be kept to a minimum, and messages will be delivered to class at a convenient time.
- Students will be called out of class only in an emergency.

Visitors

- While parents are welcome to visit our school, they are urged to arrange visits in advance.
- School policy is to accept only those visitors who have legitimate business at the school. Guests and visitors must check in at the office and wear a school visitor pass. Visitors are expected to leave promptly when their business is completed.
- Former graduates/alumni may visit the school after school hours; appointments can also be made to meet with faculty. Students that graduate in prior quarters within the current year are allowed on campus for school business only.
- Any unauthorized visitors will be escorted off campus by an administrator or the School Resource Officer.
- Providing outside food and/or beverages to students during the school day is not allowed.
- Parents are welcome to eat lunch with their student, and are asked to make pre-arrangements.

Busing/School Sponsored Trips

- Conduct on a bus, at bus pick-up sites, while being transported on the bus to and from school, is the same as expected in the classroom. Students may be denied the privilege of riding a bus for lack of cooperation or improper conduct.
- The District will approve transportation for school-sponsored events. All students participating in such events must travel to and from the events by the approved transportation. The only exception will be a written release by the parent/guardians.

Fines

- Students will be held accountable for damaged and/or lost school property including personal one-to-one computers each quarter or upon completion of a course.
- Fees/fines must be paid before a diploma is issued.

Computer and Internet Use

All students enrolled at FMHS will be granted access to the internet and other programs. The internet usage policy must be reviewed and signed by parents and students before computer access is permitted. The use of the school and district's networks must be in support of education, research, and the educational goals and objectives of Sheridan County School District #2. Anyone using computers linked to the district network is individually accountable at all times. It is a benefit to use computers and the internet. At no time are students to be in "chat" rooms, checking e-mail, or to be representing John C. Schiffer Collaborative School in any manner while on the internet.

Computer usage is a privilege, and damaged or broken computer replacement cost is the responsibility of the student/parents.

Included in the portfolio are high school transcripts, test scores, names, addresses, and phone numbers of people students can use as references, letters of recommendation, a list of activities and awards, a job resume, a personal essay, a sample thank you letter and a sample letter of application. - College and career-ready students evaluate current knowledge and interests in order to set career goals. (CV12.1.1)
- College and career-ready students explore careers including outlook, salary, needed training, duties and lifestyle utilizing all available resources including mentors and industry experts. (CV12.1.2)

- College and career-ready students demonstrate employability skills that enable them to be responsible and contributing citizens and employees. (CV12.1.4)

Curriculum Requirements

Proficiency level or mastery status is determined by demonstrating mastery in a majority of standards on the required course standards-based assessments. Proficient status can be reached with multiple assessment opportunities.

As of 2012-2013, Wyoming state legislation passed Senate File 57. This file has accountability implications regarding high school testing and graduation for Wyoming students.

Required testing schedules are as follows:

- 9th grade - assessed with new WY assessment system
- 10th grade - assessed with new WY assessment system
- 11th grade - ACT Exam
- 12th grade - WorkKeys (optional)

Friday Remediation/Makeup Work

- We offer students the opportunity for remediation to re-learn important standards.
- Students are required to do weekly grade checks, by 3:25 p.m. each Thursday.
- Students who have completed assigned work Monday through Thursday and are passing all courses with a 70% or above, may be excused at 1:00 p.m. on Friday. All early-release students must leave by 1:30 p.m.
- Students not passing with 70% or above will attend remediation classes on Friday afternoon. At JCSCS, students will attend from 1:00 to 2:15 p.m.
- Students who are assigned Friday Remediation for 6 P's three weeks in a row, will be assigned a day of Reboot.
- Students that are ill and miss instruction, must remain after school on the day they return to receive one-on-one instruction.

School Programs

The programs described below are being implemented as part of the School Improvement Plan as developed by the North Central Association (NCA) for the accreditation of schools.

Discovery Program

The Discovery Program addresses issues of student apathy, negativity, disruption, and violence. By inspiring positive social change, a teacher can create a climate in which students improve their performance in the classroom, better their relationships at home, and transition more easily into adulthood.

The comprehensive curriculum, designed for high school students, is grounded in the values of mutual respect, sensitivity, faith in student potential, and high expectation for positive change. Activities ranging from a team-building and rope course exercise to a course in preventing substance abuse, support the program's goal to engender caring, sensitive, and responsible young people.

All new JCSCS students are required to take Discovery prior to entering into the regular classroom. Along with the social skills units and activities, students are required to improve writing skills, social and cultural concepts, as well as developing awareness and the means to maintain a healthy lifestyle. Students are on a probationary cycle during this time. *If students do not successfully complete the Discovery Program, they are immediately asked to withdraw from JCSCS.*

6 Ps

JCSCS students are expected to demonstrate the six Ps:

1. **Prompt:** Student will make a commitment to be on time and punctual.
2. **Prepared:** Student needs to be ready to learn when the class starts.
3. **Polite:** Student will demonstrate consideration for others by respecting self/others and using appropriate behaviors in all situations.
4. **Positive Mental Attitude:** Student is expected to maintain a positive mental attitude.
5. **Participate:** Student is expected to be actively involved in each lesson and all learning activities.
6. **Produce:** Student will meet expectations in every class.

Compass Learning

Compass Learning computer classes are used for credit recovery, credit catch-up, and schedule conflicts. The counselor and student will determine the need for Compass Learning classes. If necessary, appropriate classes will be selected for the student.

ACT Naviance (ACT Prep Program)

Naviance is an online ACT Preparation website that is used to help prepare FMHS Juniors for the ACT Test.

Tribes/Advisory

The purpose of having Tribes is to provide an opportunity for students to establish and build a long-term relationship with an adult advocate within our school. Students will be expected to participate in a variety of different activities including service learning, re-discovery activities, goal setting (both academically and behaviorally), and academic improvement activities. Students will be assigned a Tribe leader upon successful completion of Discovery. They will remain with that instructor for the duration of their enrollment.

Service Learning

Students at JCSCS are offered the opportunity, through a variety of avenues and classes, to earn credit for community service. Students may earn .25 elective credits for every 40 hours completed and documented. All community service activities must be approved prior to the activity being initiated. All approval forms and documentation must be on record before credit will be issued.

Title I Programs

We use a variety of programs to meet individual student needs in the content areas.

Grading

Students will receive grades and credits based on performance. Students may be required to complete assigned work in or out of the class. Work that does not meet minimum expectations of at least a "C" will be marked "F" for failure. An "I" (incomplete) will be given in extenuating circumstances at the discretion of the teacher and/or administration. An "I" means work will be completed within a specified time, usually within ten school days.

JCSCS Grading Scale

- A = 90-100
- B = 80-89
- C = 70-79
- F = 69 and below

Additional Credit Opportunities

Students may earn credit from Sheridan College for approved courses. Students may also receive credit for their work through Community Service and Next Level Work Experience Programs.

Dual Enrollment

Dual Enrollment allows high school juniors and seniors to take a college course and earn both transcribed college and high school credit. Graduation requirements must be met before enrollment or taken concurrently as arranged with your counselor. Documentation of enrollment must be provided to the counseling office before the high school semester begins and a high school contract must be signed. The college credits earned through dual enrollment may transfer to other postsecondary institutions. Sheridan College will only cover tuition costs of juniors and seniors, up to 12 credit hours. A Sheridan College dual enrollment registration and grant form must be completed to enroll.

Next Level Work Experience Course

Next Level Work Experience (NLWE): Formerly known as PaCE, FM offers students who have jobs the opportunity to earn elective credits through their employment. Students must apply for and be accepted by the NLWE coordinator and meet all requirements in order to earn that credit. Standards that are met through this program are within the WY Career & Vocational Standards. Students may earn .5 credit/quarter within this program.

All course work expectations must be met before Next level Work Experience credit will be granted. If expectations are not completed, no credit will be given and course will not be added to transcript.

JCSCS Students Attending Classes at SHS

JCSCS Students attending classes at SHS - Students who have been approved and are attending JCSCS, may attend 1 or 2 classes at SHS. Students may only attend classes at SHS that are not offered at JCSCS. All arrangements and scheduling will be through the JCSCS counseling department in conjunction with the SHS counseling department.

Guidance Services

JCSCS students are fortunate to receive instruction, support and professional services from a staff that has a genuine interest in providing for their needs. Guidance services are provided to help make the students' educational experience more enjoyable and more successful. Services offered include:

- Academic and post-secondary counseling;
- Individual counseling (short-term, solution-focused);
- Educational groups;
- Educational, emotional and/or vocational testing and assessment;
- Crisis intervention; and
- Assisting students and families connect with appropriate community resources.

The school guidance program offers limited health services to students. *These services are educationally focused and follow a brief problem-focused approach.* The JCSCS professional counseling staff consists of one full-time counselor.

Postsecondary Planning

As early as possible, students need to think ahead toward life after high school. The individual student's plan will depend on his or her own needs and goals. The sooner she/he can define these, the better prepared the student will be to make important educational choices.

Students who plan to attend college should begin planning their curriculum in eighth grade, as well as their financial planning to pay for college. The best reasons for obtaining a college degree include the following:

- **To Get a Better Job:** College graduates earn, on average, twice as much as those who finish their education with just a high school degree.
- **To Learn How to Think Critically and Analyze Information:** Critical thinking skills, logical reasoning, and analytical powers make a person's life more interesting and provide many new career options.
- **To Build a Network of References and Resources for Future Careers:** Future opportunities come from both what you know and who you know.
- **To Develop Knowledge of and an Appreciation for Different Ideas, Philosophies, Cultures, and People:** Strong leadership and active community participation require us to understand the world at large.
- **To Have Fun and Experience Life:** College life should be enjoyable and educational!

JCSCS will assist students by:

- Advising on strategies for postsecondary education;
- Helping to identify appropriate post high school colleges and training sites;
- Preparing and submitting official school reports;
- Writing recommendations;
- Endorsing application documents; and
- Communicating with admissions and financial aid offices.

College Applications

Students are responsible for their own college and university applications. JCSCS will provide students assistance with their applications as needed. Simple endorsements can be provided.

College Examinations

Some colleges and universities use the ACT and/or SAT examinations to measure candidates' eligibility for admission. The ACT exams are given six times each year at Sheridan College. The SAT exams are given three times a year at Sheridan High School. The JCSCS High School Examination Code is **510-390**. This code must be accurately entered in a student's exam registrations for scores to be recorded on her/his official JCSCS transcript. Wyoming state law requires all 11th graders to take the ACT test.

Exam Registration and Fees

The State of Wyoming pays the registration fees for juniors to take the ACT on a designated state testing day (April 3, 2018). A student may take these exams more than one time. Additional ACT exam fees will be the responsibility of the student. The ACT requires pre-registration by designated deadlines. Registration and study materials are available in the Counseling Office.

Post-Secondary Financial Aid

Financial aid provides students monetary entitlements, scholarships, loans, and awards to help pay for postsecondary education and training. Entitlements are allowances provided by the federal government to students who qualify according to statutory criteria for financial or other special need.

Scholarships, student loans, and awards are made available based either on students' "need" or "merit." Scholarships are grants or discounts on tuition and fee costs, or living expenses, often renewable for more than one year of study under specified performance conditions. Awards are one-time grants of money designated for post-secondary education. Students and/or their parents must repay loans.

Information on scholarships and financial aid opportunities is available in the Counseling Office. It is the student's responsibility to read the Senior Newsletter to be aware of current scholarship and award opportunities and their particular deadlines.

Hathaway Scholarship

The Hathaway Scholarship is available for Wyoming students who meet the criteria to pursue postsecondary education within the state of Wyoming. The program consists of four separate merit scholarships, each with specific eligibility requirements, and a needs-based scholarship, which is a supplement to the merit awards for those who qualify.

Scholarship	Amount Per Semester (Full-Time Student)	GPA	Minimum ACT Score
Provisional Opportunity	\$840	2.5	17 or WorkKeys of 12 pts*

 - attend the two Parent/Teacher academic conferences each year.

Student Attendance Procedures

See SCSD2.com for policies JH

The learning process requires an investment of effort, energy, and time. We believe that our attendance policy serves two purposes. First, since absence from classes has a substantial negative effect on academic performance, our goal is to get each student to be in class on time every day. The second function of this policy is to help reinforce society's expectations toward attendance as it relates to work and other important commitments. This policy will be enforced on a "per class", "per year" basis.

Students hold the primary responsibility for daily attendance. Parents or guardians are expected to call daily if their son or daughter is absent. Parents or guardians will be given 48 hours to deliver a note to the front office verifying any non-school related absence. Administration will address attendance 48 hours after an absence (unv). Consequences will be given if absences (unv) are determined to be unexcused (unx). Our Attendance Secretary can be reached by

dialing this number: 673-8730, extension 5829. A message can be left 24 hours a day to verify an absence. The Attendance Secretary will make daily calls home for absences each day.

According to state law, determination of whether an absence is excused or unexcused lies with the school and not with the parent.

Compulsory Attendance

Students who demonstrate attendance problems, and are not sixteen or have not yet completed the tenth grade, will be referred to Juvenile Justice and/or the County Attorney's office. If the problem has not been corrected to the satisfaction of the court, on the fifth absence, the County Attorney may pursue criminal action against the child's parent, guardian, or custodian, alleging the child to be "an habitual truant" and the parent to have "willfully failed, neglected, or refused to comply with the provisions of the compulsory attendance law".

The Twelve-Day Limit

A maximum of twelve non-school related absences will be tolerated in any one class. An absence count will begin with the student's first official day of enrollment in a class. No matter the length of the school day, a student is expected to attend. After 12 absences, students must have all future absences for the rest of the school year excused by a doctor's note or the absence(s) will be unexcused. A parent, counselor, and administrator meeting will also be held. When a student enrolls at JCSCS their attendance record for that school year applies towards the 12-day limit.

Attendance Definitions

Attendance – being in a designated classroom for a designated period of time, or attending an approved school activity.

Absence – not being in a designated classroom for a designated period of time. An absence will be recorded if a student enters the classroom more than 10 minutes after the tardy bell has rung, or misses 10 minutes without permission.

Tardy – not being in the threshold of the classroom door when the bell rings.

School Related Absence – missing class due to school related reasons. The following absences will not count toward the twelve-day per year absence limit:

- School sponsored activities (ACT)
- Field trips (ACT)
- Out-of-School suspension (OSS)
- Behavior Center (BC)
- Administrative, counselor, or teacher meetings (ACA)

Non-School Related Absences – an absence that the parents and school personnel considers compelling or unavoidable.

Non-school related absences that do not count toward the twelve-day total are:

- Weather or natural disasters that make travel perilous (EXC)
- Family related: life-threatening illness, death in family (BER), or other crisis
- Court hearings that a student must attend (proof required) (EXC)

- Religious holidays (written request to principal required) (EXC)
- Emergency medical and/or dental treatment, counseling (doctor's note) (MED)

Non-School related excused absences that will count toward the twelve-day total are

- Illness (ILL)
- Family vacations (OUT)
- Family circumstances (OTH)
- Visits to the nurse that exceeds 15 minutes in length.

*These absences permit a student to make up work.

Attendance Contract

At 6 absences students will be:

- Required to make up class time (Carnegie Units or seat time)
- Placed on an attendance contract. This contract is a binding agreement for the remainder of the school year.

Tardies

Being on time is an important academic and work related skill. Tardy is defined only as: not being in the threshold of the classroom door when the bell rings. After 10 minutes a Tardy becomes an unexcused absence. Consequences will be assigned by the teacher.

Unexcused Absences

An unexcused absence is an absence that the school district considers non-compelling or avoidable. An absence that is authorized by a parent is not, by virtue of that authorization, necessarily an excused absence. A student shall be considered unexcused or truant when his/her absence is deemed so by the principal. Unexcused absences also count toward the twelve-day per year absence limit in each class. Unexcused absences will be counted consecutively from first semester through second semester. (They do not start over second semester). Failure to communicate with the school within two days (48 hours) after the student returns may result in an absence being recorded as unexcused. Any unexcused absence will be required to make up time with the teacher(s).

It will be at the teacher's discretion whether to accept missed work as a result of unexcused absences or not.

Unexcused absences include, but are not limited to:

- Missing over ten minutes of class
- Shopping trips
- Oversleeping
- Missing the bus, speeding tickets, or slow moving trains
- Hair, nail, or cosmetic related appointments
- Babysitting siblings
- Car trouble, where and when a bus is available
- Leaving class without permission

- Staying home for non-essential reasons or when no excuse is provided

Makeup Work

When a student is absent for any reason, it is the responsibility of the student to make arrangements for make-up work. If the student knows ahead of time that she/he will be absent, arrangements should be made to complete work before they leave. Makeup work will be required for all absences. If no graded work was done in class that day, the student will be required to get the notes, handouts, read the assigned material, or complete any activity, and then show the teacher the work or material. Some assignments may require work outside the regular class time. The student will be given assigned time to makeup work, which is equal to the number of days absent, plus one day. Athletes and field trip participants need to make prior arrangements for makeup work in advance of the absence.

Discipline

The purpose of regulations concerning student conduct is to create an educational climate that promotes learning and protects all students. Our philosophy requires a balance between our concerns for the student and the responsibility each student bears for his/her own choice of conduct in relation to the rights of others. Students who conduct themselves with courtesy and common sense need few stated rules and may attend classes with a maximum of personal freedom. Simply stated, we are asking students to make correct choices regarding their behavior at school.

Inherent in this mission is the authority of the School District to conduct reasonable searches and seizures within the limitations established by the United States Constitution and Wyoming State Constitution. In this regard, the District recognizes that the students attending the schools enjoy the same rights against compelled self-incrimination and unreasonable search and seizure afforded to adults. If police officers or other officials request an interview, an attempt will be made by phone to contact the student’s parents or legal guardian and to have one of them present during the interview. The student will be informed that he/she has the right to refuse an interview. Searches may be considered and conducted on school property or at school-sponsored events. The authority to inspect students’ school lockers, persons, belongings, and automobiles is inherently granted school boards and school officials.

Individual Computer Use

John C. Schiffer Collaborative School

At John C. Schiffer Collaborative School (JCSCS), students will be assigned an individual laptop computer for their educational learning. The use of this computer bears the responsibility of good citizenship as a member of the school community. Upholding the premise of the 6 P's, which includes respect, students are expected to display the following behaviors when using their assigned computer. The JCSCS Student Handbook is located on our website. Go to SCSD2.com, and then click on JCSCS.

Rules and Regulations

Students using the computer network are expected to act in a responsible, ethical, and legal manner in accordance with district policy (**Policy IJNDA**), use and accepted rules of network etiquette, and federal and state law:

1. Treat the computer as if you own it. It is important that the student maintain their computer's integrity until graduation. The student will pay all damages and expenses, except for normal wear.
2. Under extenuating circumstances a computer may be checked out to the student.
3. Students will be required to pick up their computer each morning, and return it to the computer station each afternoon.
4. Students cannot share their computer with another student.
5. If a problem occurs, the student is to go to their tribe teacher.
6. Students that try to access blocked web/internet sites or try to "hack" private data, will not have access to computers, thus loss of credit will result.

Prohibitions

A number of actions are prohibited. No student may use the network:

1. to facilitate illegal activity
2. for commercial or for-profit purposes
3. for hate mail, discriminatory remarks, or offensive or inflammatory communication
4. for unauthorized or illegal installation, distribution, reproduction, or use of copyrighted materials
5. to access excessive violence or obscene or pornographic material
6. to send inappropriate language or profanity
7. to transmit materials likely to be offensive or objectionable to the recipients
8. to intentionally obtain or modify files, passwords, or data belonging to some other user
9. under false pretenses, or log onto the network using someone else's password
10. or fraudulent copying, communications, or modification of materials in violation of copyright laws
11. to load or use unauthorized games, programs, files, or other electronic media
12. to disrupt the work of other users
13. to destroy, modify, or abuse district hardware or software
14. to quote personal communications in a public forum without the original author's prior consent
15. to access chat rooms and any social media sites, and install chat or game server programs

Network Etiquette (Manners)

Be polite. Use appropriate language. Do not send anonymous messages or represent a message to have been written by someone else. All correspondence should be clearly identifiable as to its originator.

Security

Never reveal your full name, home address, or phone number, and do not reveal someone else's name, address, or phone number. If you identify a security problem in the building or district networks, notify the system administrator at once. Never demonstrate the problem to other users. Never tell anyone else your password, and never use another individual's account, with or without their permission.

Vandalism

Vandalism is defined as any malicious attempt to physically deface, disable, or destroy computers, peripherals, or other network hardware or to harm or destroy data of another user or any other agencies or networks that are connected to the system. This includes, but is not limited to, the creation or transmission of computer viruses.

Consequences for Intentional Misuse of Building Computers

Be aware that the inappropriate use of electronic information resources can be considered a violation of school rules, and it can be looked upon as a violation of local, state, or federal laws. In regard to the violation of school rules, students will be subject to disciplinary action as set forth in this Student Handbook. Losing access to the building's networked computers will result in the loss of credit in computer related courses a student may be enrolled in at the time. The administration reserves the right to deny network access to any student user identified as a security risk. In more serious situations, violators will be turned over to the proper legal authorities.

I agree to the stipulations set forth in the John C. Schiffer Collaborative School , in the 1:1 Laptop Handbook including the Laptop Policy, Procedures, and Information; the Acceptable Use Policy; Laptop Protection Plan, the Student Pledge for Laptop Use, and Web Page Publications.
