

PERSONNEL RECORDS AND FILES

Information about staff members is required for the daily administration of the school district, for implementing salary and other personnel policies, for budget and financial planning, for responding to appropriate inquiries about employees, and for meeting the Board's educational reporting requirements. To meet these needs, the Human Resources Director shall implement a comprehensive and efficient system of personnel records maintenance control, under the following guidelines:

1. A personnel file for each employee of the School District shall be maintained by the Human Resources Department. In addition to the application for employment and references, the file shall contain records and information relative to compensation, certification, evaluations, discipline, and other pertinent information.
2. The Human Resources Director shall be the official custodian for personnel files and shall have overall responsibility for maintaining and preserving the confidentiality of the files within the provisions of the Wyoming Public Records Act.
3. All personnel records are considered confidential under the law and shall not be open to public inspection. Access to personnel files shall be limited to persons authorized by the superintendent to use the files for the reasons cited herein.
4. Each employee shall have the right, upon written request the Human Resources Director, to review the contents of his/her own personnel file, with the exception of references and recommendations provided to the district on a confidential basis by universities, colleges, or persons not connected with the district which were provided on a confidential basis at the request of the employee.
5. Employees may make written objections to any information contained in the file. Any written objection must be signed by the employee and shall become part of the employee's personnel file.

Information acquired by the District regarding the medical condition or history of any employee shall be maintained on separate forms and in medical files in the Human Resources Department, and shall be treated as a confidential medical record except that:

- a. Supervisors and managers may be informed regarding necessary restrictions on the work or duties of the employee and necessary accommodations;
- b. First aid and safety personnel may be informed when appropriate if the medical condition/disability might require emergency treatment.

In the event the Sheridan County School District No. 2 should make available to staff an employee health program, information acquired for medical examinations, including voluntary medical histories, shall be maintained on separate forms and in separate medical files. The employee may access any or all of this information.

8. Criminal Background Checks: Information received from criminal background checks shall not be placed in the District personnel file retained for each District employee. This information will be stored in a secure environment with limited access only to the Human Resources Director and/or Superintendent.
