

EVENTS FOR STUDENTS

Student participation in educationally related events may be approved provided they are educationally sound and administratively feasible. The approval of the Superintendent or his/her designee is required in order to conduct an event or activity involving awards to students by agencies outside the schools.

In fulfilling the responsibility for approval, the Superintendent or his/her designee may solicit opinions from the staff with respect to requests being considered. Participation in events will be limited to those events that are educationally sound, feasible, and timely.
